## CWZ Nijmegen renews contract with iSOFT

*iSOFT will further provide the hospital in Nijmegen with innovative HIS and EPA functionalities for the next three years*

**Leiden – 24 November 2010 – iSOFT Group Limited (ASX:ISF)** has won a €3 million contract with CWZ hospital at Nijmegen, the Netherlands, for continued support of hospital information system and electronic patient record for a further three years.

The new deal includes an innovation budget of €100,000 a year to trial and implement cutting edge technologies to further optimize clinical processes and so improve efficiency and quality and reduce costs at the 650-bed hospital.

“Due to our long standing partnership with iSOFT and the superb experience we have made with the offered solutions we have decided to renew the existing contract”, said Mr. Guido van de Logt, member of the board at CWZ. “Additionally the new contract gives us the possibility to leverage new developments and technologies which will make our organization more profitable. I believe that iSOFT offers a very promising concept of future hospital IT systems.”

Under the new agreement CWZ has guaranteed the sustainability and technological edge of its IT platform. Furthermore, the integration of new functionalities will help the hospital to streamline its processes and in this way offer better and more efficient services for the patients.

The contract is a major milestone for iSOFT in the Dutch market and shows that the company is recognized as a reliable and innovative partner that offers the right solutions for its customers.
