

GOLDFUND EXCHANGE OFFER

- OWN YOUR OWN CRYPTOCURRENCY TOKEN
- CRYPTOCURRENCY EXCHANGE PAIRING WITH GOLD

GOLDFUND (GFUN) is an ERC20 Token Currently trading on 6 Global Cryptocurrency Exchanges. The GFUN Token's purpose is to support the financing of Gold Production through loans to near term producers which are repaid in physical Gold.

What is the GOLDFUND EXCHANGE?

GoldFund.io (an Australian Company) is launching a cryptocurrency exchange to support a variety of ERC 20 Tokens providing them with international exposure and market awareness. Following the GFUN Token's success over the last 12 months, GOLDFUND.io is inviting new listings on its proprietary cryptocurrency trading platform.

What is the OFFER?

Goldfund is offering 10 positions on the GOLDFUNDEX exchange. That is, 10 Tokens will be created and listed on the exchange. This is your opportunity to acquire you OWN fully traded international cryptocurrency token. The Tokens listed on GOLDFUNDEX Exchange are paired with GOLD, and mainstream currencies like BitCoin and Ethereum, as a commodity pairing allowing you to move your holdings quickly between Gold and Crypto.
