The Directors present their report on Altech Chemicals Ltd (formerly Australian Minerals & Mining Group Limited) for the half-year ended 31 December 2014.

BOARD OF DIRECTORS

The names and details of the Altech Chemicals Ltd ("Company") directors in office during the financial period and until the date of this report are as follows. Directors were in office for this entire period unless otherwise stated.

Luke Atkins	Chairman
Ignatius Tan	Managing Director (commenced 25 August 2014)
Daniel Tenardi	Non-Executive Director
Peter Bailey	Non-Executive Director
Ric Dawson	Managing Director (ceased 9 July 2014)

COMPANY SECRETARY

Shane Volk	(commenced 12 November 2014)
Piers Lewis	(ceased 12 November 2014)

REVIEW OF OPERATIONS

During the half-year ended 31 December 2014, the Company focussed on its goal of becoming a leading supplier of 99.99% (4N) high purity alumina (HPA), key developments during the half-year included:

- Mr Iggy Tan was appointed of as managing director, effective 25 August 2014. Iggy is a highly experienced and effective executive
 with over 30 years in the chemicals and mining industries, specialising in project development, chemical plant operations, and
 management. His leadership, vision, experience and expertise will be invaluable for the Company as it moves through project
 evaluation, construction and ultimately to HPA production.
- a bankable feasibility study (BFS) commenced to evaluate the commercial and technical viability of constructing and operating a
 HPA production plant, with feed stock to come from the Company's aluminous clay (kaolin) deposit at Meckering, Western Australia.
 When initially announced the BFS was to consider a 3,000 tonne per annum HPA plant, this was later upgraded to 4,000 tonnes per
 annum. Johor Bahru, Malaysia announced as the preferred location for the plant following an extensive evaluations process. The
 BFS is targeted for completion in Q3-2015 and at the date of this report is progressing as planned.
- following approval from shareholders at the Company's 2014 annual general meeting, the name of the Company was changed from Australia Minerals and Mining Group Ltd to Altech Chemicals Ltd, effective 12 November 2014. The ASX code for the Company's shares has consequently changed to "ATC".
- Mr Shane Volk was appointed as chief financial officer (CFO) and company secretary, effective 12 November 2014. Mr Volk has
 significant international mining industry experience and is a key addition to the Company's management team.
- a 1:4 pro-rata, non-renounceable entitlement offer at \$0.10 per new share with one free attaching listed option for each new share subscribed (exercise price \$0.10, expiry 15 December 2015) was announced on 24 November 2014. The offer closed on 19 December 2014 and raised approximately \$402,000 before costs, the funds raised will be applied to the BFS.

During the half year the Company continued to rationalise its exploration mineral tenement holdings as it consolidated its focus on the HPA project. Of note was the finalisation of a Farm-In and Joint Venture Agreement with Midas Engineering Group Pty Ltd (Midas) for the Company's South West Titanium Project (formerly called the Glenarty Project). Under the terms of the agreement, Midas has the right to earn an initial 20% interest following the completion of a feasibility study (to be sole funded by Midas), and a further 30% interest on the completion and verification of a preliminary feasibility study, also to be sole funded by Midas.

RESULTS OF OPERATIONS

The operating profit after income tax of the Company for the half-year ended 31 December 2014 was \$70,131 (2013: loss \$524,985). The Company's basic profit per share for the period was 0.001 cents (2013: loss of 0.49 cents).

No dividend has been paid during or is recommended for the financial period ended 31 December 2014.

FINANCIAL POSITION

The Company's working capital, being current assets less current liabilities at 31 December 2014 was \$1,336,579 (30 June 2014: \$1,732,148).

In the Directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

There were no significant changes in the state of affairs of the company during the financial half year.

EVENTS SINCE 31 DECEMBER 2014

There have been no significant developments for the Company since 31 December 2014.

AUDITOR'S INDEPENDENCE DECLARATION

The lead auditor's independence declaration for the half-year ended 31 December 2014 has been received and immediately follows the Directors' Report.

This report has been made in accordance with a resolution of the Board of Directors.

CONDENSED NOTES TO THE HALF YEAR FINANCIAL STATEMENTS

1. Corporate Information

The financial report of Altech Chemicals Ltd (the Company) for the half-year ended 31 December 2014 was authorised for issue in accordance with a resolution of the directors on 10th March 2015. Altech Chemicals Ltd is a limited company incorporated in Australia and its shares are publicly traded on the Australian Securities Exchange.

The nature of the operations and principal activities of the Company are described on page 4 of this report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation

These general purpose interim financial statements for half-year reporting period ended 31 December 2014 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: Interim Financial Reporting.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Altech Chemicals Ltd and its controlled entities (referred to as the consolidated group or the Group). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2014, together with any public announcements made during the following half-year.

Accounting Policies

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements, except in relation to the matters discussed below.

Critical Accounting Estimates and Judgments

The critical estimates and judgments are consistent with those applied and disclosed in the June 2014 annual report.

Going concern

This report has been prepared on the going concern basis, which contemplates the continuation of normal business activity and the realisation of assets and the settlement of liabilities in the normal course of business.

The company has incurred net cash outflow from operating and investing activities for the half year ended 31 December 2014 of \$790,714 (2013: \$375,253). As at 31 December 2014, the consolidated entity had net current assets of \$1,336,579 (30 June 2014: 1,732,148).

The Directors recognise that the ability of the company to continue as a going concern is dependent on the ability of the company being able to secure additional funding through either the issue of further shares and/or options or convertible notes or a combination thereof as required to fund ongoing project development, test work and for additional working capital.

Based on the above, the company is confident that it will successfully raise additional funds, if required, to meet its financial obligations in future periods. As a result the financial report has been prepared on a going concern basis. However should the consolidated entity be unsuccessful in securing further working capital the consolidated entity may not be able to continue as a going concern.

The financial statements do not contain any adjustments relating to the recoverability and classification of recorded assets or to the amounts or classification of recorded assets or liabilities that might be necessary should the company not be able to continue as a going concern.

New and revised accounting requirements applicable to the current interim period

Interpretation 21: Levies is mandatorily applicable for annual financial reporting periods commencing 1 January 2014 and became applicable to the Group for the first time in the current half-year reporting period 1 July 2014 to 31 December 2014. The Interpretation clarifies that a liability to pay a government levy should be recognised when the activity triggering the payment has occurred.

The Group pays land utilisation taxes with respect to certain operations which it has recognised in the prior period when the tax invoice has been received from the relevant authority. The Group will now adopt a policy of recognising a liability for such taxes based on the passage of time, since the land occupation is the activity triggering the payment pursuant to the Interpretation.

Options or rights to purchase ordinary shares not exercised at 31 December 2014 have not been included in the determination of basic earnings per share.

4. Share based payments

On 18 November 2014 the Company awarded 15,000,000 performance rights to Managing Director Mr Iggy Tan, shareholder approval for the award of the rights was received at the Company's Annual General Meeting on 5 November 2014.

The Performance Rights were issued for nil cash consideration and no consideration will be payable upon the vesting of the Performance Rights on the achievement of the specified performance criteria.

The vesting conditions attributable to the Performance Rights are as follows:

i) Tranche 1 – 5,000,000 Performance Rights that will vest upon completion of \$1.9 million capital raising, delivery of a bankable feasibility study and 1 year continuous service

ii) Tranche 2 – 5,000,000 Performance Rights that will vest upon successful funding of the HPA project and 2 years of continuous service iii) Tranche 3 – 5,000,000 Performance Rights that will vest upon first tonne of HPA product sold and plant is at a steady state of production (plant is stable and producing at a constant and consistent rate) within specification quality and 3 years of continuous service. The Performance Rights will convert to fully paid ordinary shares in the capital of the Company upon attainment of the vesting conditions.

Value of Performance Rights issued during the period

The fair value of the Performance Rights issued to Mr Tan during the period was calculated using the Black Scholes pricing model that took into account the term, the underlying value of the shares of the Company, the exercise price of the rights, the expected dividend yield, the impact of dilution and the risk-free interest rate. The assessed fair value at grant date was \$0.10 for each of the Performance Rights, with a probability of vesting allocated to each tranche being Tranche 1 75%, Tranche 2 90% and Tranche 3 90%.

- Inputs used to value the rights granted included:
- exercise price for the shares: \$0.00
- market price for the shares at date the rights were issued: \$0.10
- volatility of company share price: 81.76%
- dividend yield: 0%
- risk free rate: 2.57%

The expected volatility during the term of the rights is base around assessments of the historical volatility of the Company share price and the dividend yield of 0% is on the basis that the Company does not anticipate paying dividends in the period between the issue date and the final vesting date for the rights.

The value of the Performance Rights has been expensed on a proportionate basis for each period from grant date to vesting date. The proportion of the value of the rights that has been expensed during the 6 months to 31 December 2014 and accounted for in the share based payments reserve - \$106,682.

Vesting of the Performance Rights is subject to the three performance milestones (described above).

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF ALTECH CHEMICALS LIMITED AND ITS CONTROLLED ENTITIES

Report on the Half-year Financial Report

We have reviewed the accompanying half-year financial report of Altech Chemicals Limited which comprises the consolidated condensed statement of financial position as at 31 December 2014, the consolidated condensed statement of profit or loss and other comprehensive income, consolidated condensed statement of changes in equity, the consolidated condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of Altech Chemicals Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410: Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of Altech Chemicals Limited's financial position as at 31 December 2014 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Altech Chemicals Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of Altech Chemicals Limited, would be in the same terms if provided to the directors as at the time of this auditor's review report.

INDEPENDENT AUDITOR'S REVIEW REPORT

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Altech Chemicals Limited is not in accordance with the *Corporations Act 2001* including:

- (i) giving a true and fair view of the consolidated entity's financial position as at 31 December 2014 and of its performance for the half-year ended on that date; and
- (ii) complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001.

Emphasis of Matter

Without qualifying our opinion, we draw attention to Note 2 to the financial statements, which indicate that the consolidated entity is dependent upon various funding alternatives in order to fund its working capital and discharge its liabilities in the ordinary course of business. This condition, along with other matters as set forth in Note 2, indicate the existence of a material uncertainty that may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore, the consolidated entity may be unable to realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.
