ASX RELEASE / MEDIA RELEASE

## Fertoz releases corporate video

Fertoz Ltd (“**Fertoz**” or the “**Company**”) is pleased to announce the release of its corporate video. The video provides a summary of the Company and its Projects and it includes excerpts of a television interview of Managing Director, Dr Leslie Szonyi. The television interview was conducted by Mark Mendiola, a journalist based in Pocatello, Idaho, USA and host of the show “Business Dynamics”.

Please see the attached link to access the corporate video or visit the Company’s website.

Fertoz website: [www.fertoz.com](http://www.fertoz.com)

In addition, the Company has provided a corporate presentation which is available on the Company’s website.

### About Fertoz

Fertoz is exploring for high-grade phosphate resources in Canada and the United States of America, which are two of the largest agricultural economies in the world and which both import phosphate rock. Fertoz has two projects in Canada – Wapiti (East and West), Fernie (Marten, Barnes Lake, Crows Nest ), which are all proximate to infrastructure -- and an option on one project in Idaho, USA, again proximate to infrastructure. Fertoz is targeting small, high-grade resources in the Americas that can be commercialised quickly and inexpensively, with high-grade product sold to organic farmers or third-party fertilizer plants.
