Important Information

This Prospectus is dated 5 October 2017 and was lodged with ASIC on that date. Neither ASIC nor ASX takes responsibility for the contents of this Prospectus or the merits of the investment to which the Prospectus relates. No shares or options will be issued on the basis of this Prospectus later than 13 months after the date of this Prospectus.

Application for permission for the New Shares and free New Options offered by this Prospectus to be listed for Quotation has been made on 5 October 2017.

Applicants should read this document in its entirety and, if in any doubt, consult with their professional advisors before deciding whether to apply for New Shares and attaching free New Options. There are risks associated with an investment in Havilah Resources Limited, and the New Shares and attaching free New Options offered under this Prospectus must be regarded as a speculative investment. In particular, you should consider the risk factors that could affect the value of an investment in Havilah Resources Limited, some of which are outlined in Section 8 of the Prospectus. The New Shares and attaching free New Options offered under this Prospectus carry no guarantee with respect to return on capital investment, payment of dividends or the future value of the New Shares and free New Options.

This Prospectus is a "transaction specific prospectus" for an offer of "continuously quoted securities" prepared in accordance with Section 713 of the Corporations Act. In preparing this Prospectus regard has been made to the fact that the Company is a disclosing entity for the purposes of the Corporations Act and certain matters may reasonably be expected to be known to investors and their professional advisors.

No person is authorised to give any information or to make any representation in connection with the Rights Issue which is not contained in this Prospectus. Any information or representation not contained in this Prospectus may not be relied on as having been authorised by the Company in connection with the Rights Issue.

The information provided in this Prospectus is not investment advice and has been prepared without taking into account your investment objectives, financial situation or particular needs (including financial and taxation issues). It is important that you read and consider the information in this Prospectus in full before deciding to invest in New Shares and consider the risks that could affect the performance of the Company.

The Offer contained in this Prospectus to Eligible Shareholders with registered addresses in New Zealand is made in reliance on the Securities Act (Overseas Companies) Exemption Notice 2013 (New Zealand). This Prospectus is not an investment statement or prospectus under New Zealand law, and may not contain all the information that an investment statement or prospectus under New Zealand law is required to contain.

The distribution of this Prospectus in jurisdictions outside Australia may be restricted by law and therefore persons who come into possession of this Prospectus should seek advice on and observe any such restrictions. Any failure to comply with these restrictions may constitute a violation of those laws. This Prospectus does not constitute an offer of New Shares and attaching free New Options in any jurisdiction where, or to any person to whom, it would be unlawful to make such an offer. Certain terms and abbreviations used in this Prospectus have defined meanings, which are explained in Section 11 of this Prospectus.

This Prospectus may contain forward-looking statements that have been based on current circumstances. Any forward-looking statements are subject to risks, uncertainties and assumptions that could cause those acts, events and circumstances to differ materially from the expectations described in such forward-looking statements.

1 Letter from the Chairman

5 October 2017

Dear Fellow Shareholder,

On behalf of the Board of Directors of Havilah Resources, I am pleased to offer you the opportunity to increase your investment in your Company at an attractive price having regard to the recent placement to Bergen that was at a 13% premium to the closing price on 2 October 2017 and a 14% premium to the 5-day VWAP. With the Portia Gold Mine underway, Havilah Resources now plans to focus on executing its announced *Copper Growth Strategy*. In this respect, Havilah Resources is differentiated from most of its junior resource peers in several important ways:

- **Potential for strong mining driven growth over the next three years based on a large published copper and gold JORC resource inventory.**
- **Well positioned for ongoing exploration success underpinned by almost total coverage (>13,000 km²) of a hitherto unrecognised copper-gold belt in the Curnamona Craton, close to Broken Hill.**
- **Focus on northeastern South Australia, which is a low sovereign risk destination, where Havilah Resources has developed good local knowledge and excellent stakeholder relationships over many years.**
- **Mining experience gained via successful financing, development and operation of the Portia gold mine.**

Advancing our projects via pre-feasibility studies and permitting approvals is time consuming and costly. However, this work is vital if we are to progress our projects to the point where they can attract development financing, which will allow us to fully execute our *Copper Growth Strategy*.

As a matter of prudence, Directors seek to attract partners to share expenditures and risk, and to optimise the value of our various projects. We continue to be in discussions with various parties that could potentially result in attractive funding arrangements for our projects, but as yet the outcomes are uncertain. This capital raising will ensure that Havilah Resources' ability to continue advancing its copper-gold projects to a development ready status is not limited by a lack of capital. Directors consider it is important for Havilah Resources not to lose momentum and to develop its copper-gold projects as rapidly as possible given the prevailing buoyant copper and gold price outlook.

We have developed our first mine at Portia, which we consider to be a major achievement. Your Directors are now committed to the ambitious objective of developing Havilah Resources' second, third and fourth mines, while at the same time continuing to explore and maximise new discovery opportunities. Accordingly, the net proceeds from the Rights Issue will be primarily used to continue progressing Havilah Resource' three advanced copper-gold (cobalt) mineral projects to mining ready status. Some funds will be earmarked for maintaining our large tenement base and also to carry out some strategic exploration. Havilah Resources has operated successfully for 15 years as an ASX listed company and has sought to manage its funds prudently, endeavouring to gain the best value for shareholders from its expenditure, and this approach will continue.

This Rights Issue is an opportunity for all shareholders to support our Company and to join with the Directors in investing in its future. For shareholders with less than a marketable parcel of shares this is also an opportunity for you to increase your investment to a marketable holding, and at the same time contribute funds to help your Company achieve its future copper-gold growth objectives.

I wish to thank you on behalf of the Board for your continued support of Havilah Resources and encourage you to take up your Entitlements under the Rights Issue.

Yours faithfully,

Ken Williams
Chairman

- **Risks associated with the Rights Issue:** Dilution, Completion of Rights Issue, Share price

2.4 Quotation of securities

Havilah Resources has applied for official quotation of the New Shares and attaching free New Options on ASX.

2.5 Underwriting

Havilah Resources has engaged the services of the Underwriter to underwrite the Offer in the sum of \$1,000,000 and to act as Lead Manager to the Offer. The Underwriter's fees are set out in Section 7.8 of this Prospectus.

3 DETAILS OF THE OFFER

3.1 Background

On 5 October 2017, the Company announced a placement to Bergen Global Opportunity Fund II, LLC (**Bergen**) of 6,212,121 Shares at \$0.33 per share pursuant to a subscription agreement together with a grant of 800,000 two-year Options under a further funding agreement each with an exercise price of \$0.41 exercisable on or before 6 October 2019 (**Placement**). Bergen will also receive a fee of 5% of the subscription amount to be satisfied by way of the issue of 353,448 Shares in the Company.

The Shares and unlisted Options to be issued under the Placement and the Shares to be issued for the subscription fee are to be issued on or about 6 October 2017, being prior to the Record Date, using the Company's existing placement capacity under ASX Listing Rule 7.1.

In conjunction with the announcement of the Placement, the Company announced a partially underwritten renounceable pro rata rights issue on the basis of one New Share for every seven Shares held by Shareholders registered at 7:00pm CDT on 10 October 2017 (the **Record Date**) at an issue price of \$0.20 per New Share, with one free New Option for every two New Shares issued to raise approximately \$5,428,000 (before costs).

3.2 Purpose of the Offer

The funds raised by the Offer of up to \$5,428,000 (which excludes any funds raised from the exercise of any attaching free New Options issued under the Offer) will be applied to largely fund project development activities such as the completion of permitting and pre-feasibility studies related to the Company's three copper projects (Kalkaroo, Mutooroo and North Portia) in accordance with the Company's announced *Copper Growth Strategy*. The funds will also be used to execute strategic exploration programs on the Company's tenements in the Curnamona Craton. A portion of the funds will also be used to pay for corporate and general administration and also to meet Rights Issue expenses of approximately \$353,000.

Accordingly, the Company intends to expend the funds raised in the Offer as follows:

Use of Funds

	<u>Underwritten Amount</u>	<u>Full Subscription</u>
	\$	\$
Project Development (Permitting & Pre-Feasibility Study Work Related to Kalkaroo, Mutooroo, North Portia)	400,000	2,796,000
Strategic Exploration in Curnamona Craton	300,000	1,862,000
Corporate, General Administration	100,000	417,000
Expenses of the Rights Issue	200,000	353,000
Total	1,000,000	5,428,000

If the Rights Issue is not fully subscribed and the Company only raises the Underwritten Amount, then the funds will be used as per the Underwritten Amount column in the table above. The above-proposed use of funds is a statement of present intention as at the date of this Prospectus and is subject to ongoing review and evaluation by the Company.

3.3 Details of the Rights Issue

The Company is making a partially underwritten pro rata renounceable Rights Issue of New Shares to Eligible Shareholders. Eligible Shareholders will be entitled to apply for one New Share for every seven Shares held at 7:00pm CDT on the Record Date, at an issue price of \$0.20 per New Share, together with one attaching free New Option to the holder of each two New Shares subscribed for under the Rights Issue.

The Company currently has 183,431,020 Shares and 7,025,000 unlisted Options on issue. Based on the number of Shares expected to be on issue on the Record Date (which includes the Shares to be placed with Bergen), a total of 27,142,370 New Shares* and 13,571,185 attaching free New Options* will be offered under the Rights Issue, raising \$5,428,000 (before costs of the Rights Issue). This amount excludes any funds raised from the exercise of attaching free New Options issued. *Due to rounding of Entitlements the exact maximum number of New Shares and attaching free New Options that may be issued under the Offer will not be known until the Record Date.

The Lead Manager and Underwriter of the Rights Issue is CPS Capital Group Pty Ltd (ACN 088 055 636) (**CPS Capital**) and CPS Capital has agreed to underwrite the Rights Issue by subscribing for Shortfall up to the value of \$1,000,000. Please refer to Section 7.5 of this Prospectus for further details.

3.4 Entitlement

The number of New Shares and attaching free New Options to which each Eligible Shareholder is entitled (**Entitlement or Rights**) is shown on the Entitlement and Acceptance Form accompanying this Prospectus. Any fractional Entitlements to New Shares and attaching free New Options will be rounded up to the nearest whole number. Holding statements in relation to the New Shares and attaching free New Options will be dispatched to Eligible Shareholders as soon as practicable after allotment. It is the responsibility of Eligible Shareholders to confirm the number of New Shares and attaching free New Options allotted to them prior to trading on the ASX. Eligible Shareholders who sell their New Shares or free New Options before they receive their holding statements do so at their own risk.

3.5 Top Up Offer – Application for Additional New Shares

Eligible Shareholders who accept their full Entitlement have the opportunity to apply for Additional New Shares at the issue price of \$0.20 each. The availability of these Additional New Shares will be limited to any New Shares not taken up by Eligible Shareholders under the Entitlement. Eligible Shareholders wishing to apply for Additional New Shares should do so on the Entitlement and Acceptance Form. The attaching free New Options will automatically be issued upon successful subscription of any Additional New Shares. If you wish to apply for any Additional New Shares under the Top Up Offer, complete the accompanying Entitlement and Acceptance Form in respect of the number of Additional New Shares you wish to apply for and pay the relevant Application Monies to the Company's Share Registry by 5:00pm CDT on 27 October 2017. Eligible Shareholders should refer to Section 3.6 for full instructions. Any fractional Entitlements to Additional New Shares will be rounded up to the nearest whole number.

If more Additional New Shares are applied for by Eligible Shareholders than are available, then applications for Additional New Shares will be reduced and under this circumstance Eligible Shareholders who apply for Additional New Shares may receive fewer than the number applied for. The Directors, in consultation with the Underwriter, reserve the right to scale back any oversubscription, subject to their absolute discretion. In this event, any surplus Application Monies will be refunded without interest as soon as practicable. Holding statements in relation to the Additional New Shares and attaching free New Options will be dispatched to Eligible Shareholders as soon as practicable after allotment. It is the responsibility of Eligible Shareholders to confirm the number of Additional New Shares and attaching free New Options allotted to them prior to trading on the ASX. Eligible Shareholders who sell their Additional New Shares or free New Options before they receive their holding statements do so at their own risk.

3.6 Action Required by Eligible Shareholders

If you are an Eligible Shareholder, the following Section sets out the actions you may take in response to this Prospectus and the accompanying Entitlement and Acceptance Form.

3.6 (a) What you may do

The number of New Shares to which you are entitled to apply for is shown on your Entitlement and Acceptance Form. You may:

- Take up some or all of your Entitlement.
- Take up all of your Entitlement and apply for Additional New Shares (more than your Entitlement).
- Sell part or all of your Entitlement on the ASX.
- Deal with part or all of your Entitlement other than on the ASX.
- Allow all or part of your Entitlement to lapse.

3.6 (b) If you wish to take up some or all of your Entitlement

If you wish to take up some or all of your Entitlement, complete the enclosed Entitlement and Acceptance Form in accordance with the instructions set out in the form and lodge the form together with your cheque for the amount shown on the form so that it reaches the Company's Share Registry:

Computershare Investor Services Pty Limited
GPO Box 2987, Adelaide, SA, 5001

by no later than 5:00pm CDT on 27 October 2017.

The Company shall not be responsible for any delay in the receipt of BPAY payments, electronic funds transfers or postal or delivery delays.

Cheques should be made payable to "Havilah Resources Limited - Rights Issue Account" and crossed "Not Negotiable". Eligible Shareholders may also pay by BPAY, by following the relevant instructions on the Entitlement and Acceptance Form.

3.6 (c) If you wish to take up all of your Entitlement and apply for Additional New Shares

If you are an Eligible Shareholder and have elected to take up your Entitlement in full, you may apply for Additional New Shares together with one attaching free New Option for each two New Shares issued under the Top Up Offer by completing the appropriate section of the accompanying Entitlement and Acceptance Form.

Forward your completed Entitlement and Acceptance Form together with your cheque for the amount calculated in accordance with the instructions on the form to reach the Company's Share Registry no later than 5.00pm CDT on 27 October 2017. A single cheque should be used for the Application Monies for your Entitlement and the Additional New Shares being applied for under the Top Up Offer. That is, the total shares applied for multiplied by \$0.20. Eligible Shareholders may also pay by BPAY, by following the relevant instructions on the Entitlement and Acceptance Form.

3.6 (d) If you wish to sell part or all of your Entitlement on the ASX

If you wish to sell all or part of your Entitlement on the ASX you must provide instructions to your stockbroker regarding the Entitlement you wish to sell on the ASX. Trading of Entitlements is expected to commence on the ASX on 9 October 2017 and will cease on 20 October 2017.

The Company does not guarantee that an Eligible Shareholder will be able to sell all or part of their Entitlement on the ASX or that a particular price will be paid for the Entitlements sold on the ASX.

3.6 (e) If you wish to deal with part or all of your Entitlement other than on the ASX

If you wish to sell all or part of your Entitlement other than on the ASX, and the purchaser of your Entitlement is an Ineligible Foreign Shareholder or a person that would be an Ineligible Foreign Shareholder if they were a registered holder of Shares, that purchaser will not be able to accept the Entitlement that they have purchased.

If you are a Shareholder on the issuer sponsored subregister and you wish to transfer all or a proportion of your Entitlement to another person other than on the ASX, please forward a completed standard renunciation and transfer form (obtainable from the Company's Share Registry) and the applicable transferee's cheque (made payable to "Havilah Resources Limited –Rights Issue Account and crossed "Not Negotiable") for the amount indicated on the renunciation and transfer form to the Company's Share Registry on or before the Closing Date.

If you wish to transfer all or part of your Entitlement to or from another person on the CHESS subregister you must engage your CHESS controlling participant (usually your stockbroker). If the transferee wants to exercise some or all of the Entitlement, you should follow your stockbroker's instructions as to the most appropriate way to take up the Entitlement on their behalf. The Application Monies for Shares the transferee of the Entitlement wants to acquire must be received by the Company's Share Registry in accordance with Section 3.6 (b).

3.6 (f) Allow all or part of your Entitlement to lapse

If you do not wish to take up any of your Entitlement, you are not obliged to do anything. If you do not take up your Entitlement under the Rights Issue by the Closing Date, the Offer to you will lapse.

Shareholders should be aware that their Entitlement may have value. Entitlements are renounceable, which enable Eligible Shareholders who do not wish to take up part or all of their Entitlement to seek to sell or trade all or some of their Entitlement on the ASX.

3.7 Rights Trading

The Entitlements under the Rights Issue are renounceable. Accordingly, there will be trading of Entitlements on the ASX and you may dispose of your Entitlement to any other party. If you do not take up your Entitlement under the Rights Issue by the Closing Date, the Offer to you will lapse. Trading of Entitlements on the ASX is expected to commence on 9 October 2017 and end on 20 October 2017.

3.8 Issue Price

The issue price is \$0.20 per New Share payable in full in Australian currency on the Acceptance of the Rights Issue by a cheque drawn on and payable at any Australian bank or Eligible Shareholders may pay by BPAY.

3.9 Acceptance

This Offer may be accepted in whole or in part. Acceptance and payment in full of \$0.20 per New Share must be received before 5.00pm CDT on 27 October 2017. Instructions for completion and lodgement of acceptances are set out on the back of the Entitlement and Acceptance Form.

3.10 Underwriter

CPS Capital has been appointed as Underwriter and Lead Manager to the Offer. The terms of the appointment of the Underwriter and Lead Manager are summarised in Section 7.5 of this Prospectus.

3.11 Shortfall

A Shortfall may arise from Eligible Shareholders not taking up all New Shares and attaching free New Options offered pursuant to this Prospectus.

The offer of any New Shares and attaching free New Options under the Shortfall is a separate offer made pursuant to this Prospectus and will remain open for up to three months following the Closing Date. The Directors may close this offer at any earlier time at their discretion.

The New Shares and attaching free New Options forming the Shortfall are offered under the same terms as those offered to Eligible Shareholders pursuant to the Rights Issue under this Prospectus.

The Underwriter, in consultation with the Directors, reserve the right to allocate any New Shares and attaching free New Options under the Shortfall at their absolute discretion. There is no certainty that subscribers will be secured for all of the Shortfall shares.

3.12 Closing Date

The Closing Date for the Rights Issue is 5.00pm CDT on 27 October 2017.

3.13 Offer Period

This Prospectus will be despatched to Shareholders on 13 October 2017. The Rights Issue closes 27 October 2017.

3.14 No Minimum Subscription

There is no minimum subscription. However, the Underwriter has agreed to partially underwrite the Offer (please refer to Section 7.5 of this Prospectus for further details).

3.15 Allotment

The New Shares and attaching free New Options will be allotted and issued no later than 3 November 2017. Statements of holding for the New Shares and attaching free New Options will be mailed no later than 7 November 2017. No New Shares or attaching free New Options will be issued on the basis of this Prospectus later than 13 months after the date of this Prospectus.

3.16 Stock Exchange Quotation

Application for official Quotation of the New Shares and attaching free New Options by ASX has been made by the Company on 5 October 2017. If approval is not obtained from ASX before the expiration of three months after the date of this Prospectus (or such period as varied by the ASIC), the Company will not issue any New Shares or attaching free New Options and will repay all Application Monies for the New Shares within the time prescribed under the Corporations Act, without interest.

Application for official Quotation of Shares allotted and issued as a result of the exercise of the attaching free New Options issued under this Prospectus will be made within three Business Days of allotment and issue.

3.17 Ineligible Foreign Shareholders

This Prospectus, and any accompanying Entitlement and Acceptance Form, do not, and is not intended to, constitute an offer of securities in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus or the New Shares and attaching free New Options under the Rights Issue.

The distribution of this Prospectus in jurisdictions outside Australia and New Zealand may be restricted by law and persons who come into possession of this Prospectus should seek advice on and observe any such restrictions. Any failure to comply with such restrictions may constitute a violation of applicable securities laws.

The Company believes that it is unreasonable to extend the Rights Issue to Ineligible Foreign Shareholders. The Company has formed this view having considered the number and value of the securities that would be offered to those Shareholders and the cost of complying with the legal requirements and the requirements of regulatory authorities in the overseas jurisdictions.

Accordingly, Ineligible Foreign Shareholders will not be entitled to participate in the Rights Issue. The Company will appoint CPS Capital as the Company's nominee to arrange for the sale of the Entitlements that would have been given to Ineligible Foreign Shareholders and to account for them for the net proceeds of the sale (refer to Section 3.18 of this Prospectus for further details).

3.18 Appointment of Nominee

As the Rights Issue is renounceable and for the purposes of Listing Rule 7.7.1(c), the Company will appoint CPS Capital as nominee to arrange for the sale of the Entitlements that would have been given to Ineligible Foreign Shareholders and to account to them for the net proceeds of the sale (**Nominee**).

The Nominee will, during the Rights Trading Period, offer the Entitlements that would otherwise have been issued to Ineligible Foreign Shareholders for sale on the market conducted by ASX. The net proceeds of these sales, after deducting all reasonable sale costs, will be provided to the Company for the benefit of the Ineligible Foreign Shareholders. Subject to receiving the net proceeds of Entitlement sales from the Nominee (if any) the Company will distribute those funds to each Ineligible Foreign Shareholder, pro rata, in Australian currency.

The Nominee will be paid brokerage on the sale of Ineligible Foreign Shareholder Entitlements.

3.19 Important note

A duly completed and lodged Entitlement and Acceptance Form will constitute an offer by the Applicant to subscribe, on the terms set out in this Prospectus and the Entitlement and Acceptance Form, for the number of New Shares and attaching free New Options specified in the Entitlement and Acceptance Form. Application Monies will be held on trust for Applicants until the allotment of the New Shares and attaching free New Options. Any interest earned on Application Monies will be for the benefit of the Company and will be retained by the Company whether or not an allotment takes place.

3.20 Prospectus is Available on the Company's Website

In addition to issuing this Prospectus in printed form, a read-only version of this Prospectus is also available on the Company's website, www.havilah-resources.com.au. There is no facility for online Applications. Any person accessing the electronic version of this Prospectus for the purpose of making an investment in the Company must be an Australian resident and must only access this Prospectus from within Australia. The Corporations Act prohibits any person passing on to another person an Entitlement and Acceptance Form unless it is accompanying a hard copy of this Prospectus or it accompanies the complete and unaltered electronic version of this Prospectus.

3.21 Privacy Disclosure

Persons who apply for New Shares and attaching free New Options pursuant to this Prospectus are asked to provide minimum personal information to the Company, either directly or through the Share Registry. The Company and the Share Registry collect, hold, and use that personal information to assess Applications for New Shares and attaching free New Options, to provide facilities and services to shareholders, and to carry out various administrative functions. The Company is committed to respecting the privacy of your personal information. Access to the information collected may be provided to the Company's agents and service providers and to ASX, ASIC and other regulatory bodies on the basis that they deal with such information in accordance with the relevant privacy laws. If the information requested is not supplied, Applications for New Shares and attaching free New Options will not be processed. In accordance with privacy laws, information collected in relation to specific shareholders can be obtained by that shareholder by contacting the Company or the Share Registry.

3.22 Enquiries

If you have any questions concerning your Entitlement, please contact Walter Richards, CFO and Company Secretary on 08 8155 4500 or contact your stockbroker or professional advisor.

4 FINANCIAL INFORMATION

4.1 Proforma Balance Sheet

Set out below is an unaudited balance sheet as at 31 July 2017 and an unaudited proforma balance sheet at 31 July 2017, incorporating the transactions as set out below.

The proforma balance sheet has been prepared to provide investors with information on the assets and liabilities of the Company and proforma assets and liabilities of the Company as noted below. The historical and proforma financial information is presented in an abbreviated form, insofar as it does not include all of the disclosures required by Australian Accounting Standards applicable to annual financial statements.

The unaudited proforma balance sheet as at 31 July 2017 reflects the raising of the funds under the Placement (6,565,569 New Shares at \$0.33 for \$2,050,000) the Underwritten Amount (5,000,000 New Shares at \$0.20 for \$1,000,000) and the completion of the issue of New Shares under the Offer (27,142,370 New Shares at \$0.20 for \$5,428,000) as though it had taken place on 31 July 2017 (and includes the expenses of the Rights Issue of \$353,000).

For the purpose of the preparation of the proforma financial information, sales revenue of \$578,000, gold bullion inventory of \$423,000, Portia production costs of \$912,000, and capital expenditures, exploration and corporate expenditure of \$2,187,000 since 31 July 2017 through 31 August 2017, has not been taken into account.

5 EFFECT OF THE OFFER ON THE COMPANY

Other than as stated in this Prospectus, the Company is not aware of any material matter or circumstance that would impact on the activities and prospects of the Company and be relevant to assist investors or their professional advisors making an informed assessment of relevant matters.

At the date of this Prospectus, the Company had 183,431,020 fully paid ordinary shares (ASX code: HAV), no listed options (with those previously issued having expired) and 7,025,000 unlisted options.

Assuming the issue of 6,565,569 Shares and 800,000 unlisted Options under the Placement occurs and the Offer is fully subscribed (either by Shareholders accepting the Offer or Top Up Offer under this Prospectus or pursuant to the Directors' discretion to place any Shortfall referred to in Section 3.10 of this Prospectus), under the Offer up to 27,142,370 New Shares and 13,571,185 attaching free New Options are available for issue and will be issued.

Upon completion of the Rights Issue and assuming the Offer is fully subscribed, all of the Shares and unlisted Options are issued under the Placement and none of the current unlisted Options are exercised prior to the Record Date, the issued capital of the Company will comprise 217,138,959 ordinary shares, 13,571,185 attaching free New Options (listed) and 7,825,000 options (unlisted) which have exercise prices ranging from \$0.25 to \$0.54 and various expiry dates. The only listed options will be the 13,571,185 attaching free New Options issued pursuant to this Offer and 3,000,000 Options to the Underwriter (assuming full subscription of the Offer (see Section 7.8 for further details)), with an exercise price of \$0.40 and an expiry date of 30 November 2019.

Before expenses of the Offer, the proceeds from the issue of New Shares and attaching free New Options (excluding any proceeds from the exercise of the attaching free New Options) will increase cash reserves by approximately \$5,434,000. These funds will be applied as set out in Section 3.2 of this Prospectus. Expenses of the Rights Issue are estimated at \$353,000.

Should any existing unlisted Options be exercised prior to the Record Date, the funds raised by the issue of Shares arising from those Shares issued via the exercise of the unlisted Options will be added to our working capital and these additional funds used from Havilah Resources' various projects and administrative costs.

5.1 Effect on capital structure

The following table sets out the Company's capital structure and its fully diluted capital structure immediately following the successful completion of the Offer, assuming that:

- **All of the Entitlements are taken up;**
- **The Shares and unlisted Options are issued under the Placement (including the issue of Shares to satisfy the payment of a subscriptions fee);**
- **None of the unlisted options are exercised prior to the Record Date.**

Share capital	Number*
Ordinary shares on issue at the date of this Prospectus	183,431,020
Plus: Shares to be issued pursuant to the Placement (including Shares to be issued as a fee)	6,565,569
Ordinary shares on issue at the Record Date	189,996,589
Plus: New Shares issued under the Rights Issue	27,142,370
Non-diluted share capital on completion of Offer	217,138,959
Unlisted Options on issue at the date of this Prospectus	7,025,000
Plus: Unlisted Options granted pursuant to the Placement	800,000
Unlisted Options on issue at the Record Date	7,825,000
Plus: Attaching free New Options issued under Rights Issue	13,571,185
Plus: Options issued to Underwriter**	3,000,000
Fully diluted share capital on completion of Offer	241,535,144

**Due to rounding of Entitlements the exact maximum number of New Shares and attaching free New Options that may be issued under the Offer will not be known until the Record Date.*

***Options to be issued to the Underwriter (please refer to Section 7.8 for further details).*

The Company's actual position on completion of the Offer may differ from the position illustrated in the pro-forma capital structure table above.

If the Offer is not fully subscribed, fewer New Shares and attaching free New Options will be issued and there will be fewer Shares on issue following completion of the Offer than shown in the table above. The Company will announce to ASX the actual number of New Shares and attaching free New Options to be issued under the Offer after the Closing Date.

5.2 Effect on shareholdings

If you exercise your full Entitlement under the Offer your shareholding in Havilah Resources will not be diluted. If you do not exercise your full Entitlement your shareholding in Havilah Resources will be diluted.

The potential effect of the Offer on the shareholdings in the Company assuming the Offer is fully subscribed, the Shares and unlisted Options are issued under the Placement (including the issue of Shares to satisfy payment of a subscription fee) and no unlisted Options are exercised, can be summarised as follows:

Ordinary shares (undiluted)	Number*	% Equity
Existing Shares as at Record Date	189,996,589	87.5%
New Shares*	27,142,370	12.5%
Total Shares on being fully subscribed	217,138,959	100%

Ordinary shares (fully diluted)	Number	% Equity
Existing Shares as at Record Date	189,996,589	78.7%
Existing unlisted options as at Record Date	7,825,000	3.2%
New Shares*	27,142,370	11.2%
Attaching free New Options*	13,571,185	5.7%
Options to Underwriter**	3,000,000	1.2%
Total Shares on being fully subscribed	241,535,144	100%

**Due to rounding of Entitlements the exact maximum number of New Shares and attaching free New Options that may be issued under the Offer will not be known until the Record Date.*

***Options to be issued to the Underwriter (please refer to Section 7.8 for further details).*

5.3 Effect on control of the Company

The effect of the Offer on the control of the Company will depend upon a number of factors, including:

- **the level of Shareholder participation (including both the taking up of Entitlements and Applications for Additional New Shares);**
- **which Shareholders participate; and**
- **the success or otherwise of the Directors and the Underwriter in placing the Shortfall (if any).**

As at the date of this Prospectus, the Company has 183,431,020 Shares and 7,025,000 unlisted Options. As at the Record Date, assuming every Shareholder takes up their full Entitlement, the Company expects to have 217,138,959 Shares, 16,571,185 listed Options (includes 3,000,000 Options to be issued to the Underwriter (see Section 7.8 for further details) and 7,825,000 unlisted Options.

If every Shareholder were to take up their full Entitlement, there would be no effect on the control of the Company, as the Offer is made pro-rata and, in that case, there would not be any scope for any Shareholder to apply for Additional New Shares under the Offer and there would be no Shortfall.

As the Rights Issue is renounceable and to comply with Listing Rule 7.7.1(c), the Company will appoint CPS Capital as nominee to arrange for the sale of Entitlements that would have been given to Ineligible Foreign Shareholders and to account to them for the net proceeds of the sale. See Section 3.17 for further details.

5.3 (a) Underwriter

CPS Capital has agreed to partially underwrite the Rights Issue for up to \$1,000,000 (5,000,000 New Shares and 2,500,000 attaching free New Options). CPS Capital is not currently a Shareholder of the Company or a related party of the Company for the purposes of the Corporations Act.

CPS Capital has confirmed with the Company that the Underwritten Amount is fully sub-underwritten and, in the event that no Eligible Shareholders take up their Entitlements under this Prospectus and no New Shares and attaching free New Options are issued under the Shortfall, then no sub-underwriter will hold voting power of more than 20%.

5.3 (b) Substantial holders

Based on publicly available information as at the date of this Prospectus, those persons which (together with their associates) have a relevant interest of 5% or more of the Shares on issue are set out below:

Substantial Shareholder	Number	Voting Power at date of Prospectus	Voting Power at Record Date
Christopher William Giles on behalf of Trindal Pty Ltd	40,921,108	22.3%	21.5%
First Names (Jersey) Limited	16,955,425	9.2%	8.9%
Glencopper SA Pty Ltd	10,153,756	5.5%	5.3%

In the event all Entitlements are accepted, there will be no change to the substantial Shareholders on completion of the Offer. If any of the substantial Shareholders accept only part of their Entitlement then there may be a decrease in the percentage shareholding interest of that substantial Shareholder on completion of the Offer.

Christopher William Giles on behalf of Trindal Pty Ltd (a company associated with the Managing Director) and its associates (**Trindal**) have indicated that whilst they are currently uncertain as to how much of their Entitlement they intend to take up, they have confirmed they will not take up any New Shares to the extent that it increases their shareholding above the present percentage holding as of the date of the Prospectus. The Company will also not issue Trindal any New Shares and free attaching New Options arising from any Shortfall.

The potential change to the voting power of each of the substantial Shareholders together with their associates assuming different scenarios under the Offer are shown in the table below.

Voting Power of Substantial Shareholders				
Substantial Shareholder	At Record Date	At completion of Offer		
		0% Takeup*	50% Takeup**	100% Takeup***
Christopher William Giles on behalf of Trindal Pty Ltd	21.5%	18.8%	20.5%	22.1%
First Names (Jersey) Limited	8.9%	7.8%	8.4%	9.0%
Glencopper SA Pty Ltd	5.3%	4.6%	5.0%	5.3%

The percentage voting power at completion of Offer in this table is calculated on the basis that the relevant substantial Shareholder accepts all of its Entitlement at the specified level, and that all other New Shares and attaching free New Options offered under this Prospectus are taken up by other Eligible Shareholders.

** Assumes that the relevant substantial Shareholder accepts none of its Entitlement and all other Eligible Shareholders accept 100% of their Entitlement.*

*** Assumes that the relevant substantial Shareholder accepts 50% of its Entitlement and all other Eligible Shareholders accept 100% of their Entitlement.*

**** Assumes that the relevant substantial Shareholder accepts all of its Entitlement and all other Eligible Shareholders accept 100% of their Entitlement.*

6 RIGHTS ATTACHING TO NEW SHARES AND TERMS AND CONDITIONS OF ATTACHING FREE NEW OPTIONS

6.1 Rights Attaching to New Shares and Shares issued upon Conversion of attaching free New Options

A summary of the rights which relate to Havilah Resources Shares is set out below. This summary does not purport to be exhaustive or constitute a definitive statement of the rights and liabilities of Havilah Resources Shareholders.

Voting: At a general meeting of Havilah Resources on a show of hands, every member present in person, or by proxy, attorney or representative has one vote and upon a poll, every member present in person, or by proxy, attorney or representative has one vote for every Havilah Resources Share held by them.

Dividends: The Havilah Resources Shares offered under this Prospectus, or which will be issued on conversion of the attaching free New Options offered under this Prospectus, will rank equally with all other issued shares in the capital of Havilah Resources and will participate in any dividends declared by the Board. Subject to the rights of holders of Havilah Resources Shares of any special preferential or qualified rights attaching thereto, the Havilah Resources Directors may from time to time declare a dividend to be paid to Havilah Resources Shareholders entitled to the dividend which shall be payable on all Shares according to the proportion that the amount paid (not credited) is of the total amounts paid and payable (excluding amounts credited) in respect of such Shares.

Winding Up: If the Company is wound up the liquidator may with the authority of a special resolution, divide among the Havilah Resources Shareholders in kind all or any of the Company's assets and for that purpose determine (subject to the Corporations Act and the ASX Listing Rules) how the liquidator will carry out the division between the Havilah Resources Shareholders or between different classes of Havilah Resources Shareholders. The liquidator may with the authority of a special resolution vest all or any of the Company's assets in a trustee on trusts determined by the liquidator for the benefit of the contributories.

Transfer of Securities: Generally, Havilah Resources Shares are freely transferable, subject to satisfying the usual requirements of security transfers on the ASX. The Havilah Resources Directors may decline to register any transfer of Havilah Resources Shares but only where permitted to do so under its Constitution or the ASX Listing Rules.

Sale of Non-Marketable Holdings: Havilah Resources may take steps in respect of non-marketable holdings of Havilah Resources Shares to effect an orderly sale of those Havilah Resources Shares in the event that holders do not take steps to retain their holdings in accordance with the Constitution and the ASX Listing Rules.

For more particular details of the rights attaching to Havilah Resources Shares, investors should refer to the Constitution of the Company.

6.2 Terms and conditions of attaching free New Options

The attaching free New Options offered pursuant to this Prospectus will be issued on the following terms and conditions:

- (a) The Optionholder is entitled, on payment of \$0.40 (**Exercise Price**) to be allotted one Havilah Resources Share for each attaching free New Option exercised (subject to possible adjustments referred to below).
- (b) The attaching free New Options held by the Optionholder are exercisable in whole or in part at any time before 30 November 2019 (**Exercise Period**). Attaching free New Options not exercised before the expiry of the Exercise Period will lapse.
- (c) Attaching free New Options are exercisable by notice in writing to the Havilah Resources Board delivered to the registered office of Havilah Resources and payment of the Exercise Price in cleared funds. Some or all of the attaching free New Options may be exercised at any one time or times prior to the expiry of the Exercise Period provided that no less than 1,000 attaching free New Options are exercised at any one time (provided that an Optionholder holding less than 1,000 attaching free New Options may exercise all but not part of those attaching free New Options).
- (d) Attaching free New Options are freely transferable.
- (e) An Optionholder may only participate in new issues of securities to holders of Havilah Resources Shares if the attaching free New Option has been exercised and Shares allotted in respect of the attaching free New Option before the record date for determining entitlements to the issue. Havilah Resources must give prior notice to the Optionholder of any new issue before the record date for determining entitlements to the issue in accordance with the ASX Listing Rules.

- (f) If there is a bonus issue to the holders of Havilah Resources Shares, the number of Havilah Resources Shares over which the attaching free New Option is exercisable will be increased by the number of Havilah Resources Shares which the Optionholder would have received if the attaching free New Option had been exercised before the record date for the bonus issue.
- (g) If Havilah Resources makes a rights issue (other than a bonus issue), the Exercise Price of the attaching free New Options on issue will be reduced according to the following formula:

$$A = O - \frac{E \times [P - (S + D)]}{(N + 1)}$$

Where:

A = the new exercise price of the attaching free New Option;

O = the old exercise price of the attaching free New Option;

E = the number of underlying Havilah Resources Shares into which one attaching free New Option is exercisable;

P = the average closing sale price per Havilah Resources Share (weighted by reference to volume) recorded on ASX during the five trading days immediately preceding the ex rights date or ex entitlements date (excluding special crossings and overnight sales and exchange traded option exercises);

S = the subscription price per Havilah Resources Share under the pro rata issue;

D = the dividend due but not yet paid on existing underlying Havilah Resources Shares (except those to be issued under the pro rata issue); and

N = the number of Havilah Resources Shares with rights or entitlements that must be held to receive a right to one new Havilah Resources Share

- (h) If, during the currency of the attaching free New Options the issued capital of Havilah Resources is re-organised, those attaching free New Options will be re-organised to the extent necessary to comply with ASX Listing Rules.

6.3 Havilah Resources employee share plan

Havilah Resources operates an employee share scheme as an incentive to employees and as a retention benefit to key employees.

7. ADDITIONAL INFORMATION

7.1 Market Prices of Ordinary Shares

7.5 Underwriting Agreement

CPS Capital is acting as Lead Manager and Underwriter of the Rights Issue. The Rights Issue is partially underwritten to \$1,000,000 (**Underwritten Amount**) or 5,000,000 New Shares and 2,500,000 New Options.

CPS Capital will be paid fees for managing and underwriting the Rights Issue and the Company will also be required to reimburse the Underwriter for all of the reasonable costs incurred by the Underwriter in relation to the Rights Issue. For more details, please refer to Section 7.8 of this Prospectus.

The underwriting of the Rights Issue is conditional upon satisfaction or waiver by the Underwriter of certain conditions ordinarily found in agreements for underwriting arrangements of this type, including that:

- (a) the Company has (subject to certain limitations, including where the loss arises through the Underwriter performing its underwriting obligation) agreed to indemnify the Underwriter, its officers, employees, advisers and related bodies corporate, and the officers, employees and advisers of any of its related bodies corporate against losses suffered or incurred in connection with the Rights Issue;
- (b) the Company has given representations, warranties and undertakings in connection with (among other things) the conduct of the Rights Issue;
- (c) the Underwriter may (in certain circumstances, including having regard to the materiality of the relevant event) terminate the Underwriting Agreement and be released from their obligations under it on the occurrence of certain events, including (but not limited to) where any of the following events has a material adverse effect or could give rise to a liability of the Underwriter under the Corporations Act or otherwise:
 - (i) the S&P ASX 200 falls 10% or more below the closing level on the date of the Underwriting Agreement;
 - (ii) the Rights Issue offer price is greater than the volume weighted average market price for Shares as quoted by the ASX calculated over four successive trading days prior to allotment of New Shares;
 - (iii) an event occurs which gives rise to a material adverse effect or any adverse change or any development including a prospective adverse change after the date of the Underwriting Agreement in the assets, liabilities, financial position, trading results, profits, forecasts, losses, prospects, business or operations of the Company or its subsidiaries including, without limitation, if any forecast in the Prospectus becomes incapable of being met or in the Underwriter's reasonable opinion, unlikely to be met in the projected time;
 - (iv) any of the material contracts or contracts described in this Prospectus (other than the Underwriting Agreement) is breached, not complied with according to its terms, terminated or substantially modified;
 - (v) there is an outbreak of hostilities or a material escalation of hostilities (whether or not war has been declared) after the date of the Underwriting Agreement involving one or more of Australia, New Zealand, Indonesia, Japan, Russia, the United Kingdom, the United States of America, India, Pakistan, or the Peoples Republic of China, Israel or any member of the European Union other than hostilities involving Libya, Afghanistan, Iraq, Iran, Syria, Lebanon or Israel, or a terrorist act is perpetrated on any of those countries or any diplomatic, military, commercial or political establishment of any of those countries anywhere in the world;
 - (vi) a suspension or material limitation in trading generally on ASX occurs or any material adverse change or disruption occurs in the existing financial markets, political or economic conditions of Australia, Japan, the United Kingdom, the United States of America or other international financial markets.

7.6 Interests of Directors

As at the date of this Prospectus, the Havilah Resources Directors (together with their associates) had the following relevant interests in Havilah Resources Shares and Havilah Resources options:

Director	Number of Havilah Resources Shares	Number of Listed Havilah Resources Options	Number of Unlisted Havilah Resources Options
C W Giles (Managing Director)	40,921,108	0	2,400,000
P S Mertin (Non-executive Director)	169,350	0	600,000
K G Williams (Chairman)	557,358	0	600,000

Havilah Resources Shares and Havilah Resources options may be held either directly or indirectly by a Havilah Resources Director.

Each Director will be entitled to participate in the Rights Issue to the extent that the Director holds Shares on the Record Date. They have each indicated they plan to participate in the Rights Issue. Please refer to Section 5.3(b) of this Prospectus for further details regarding the level of participation of an entity associated with the Managing Director.

7.7 Directors' remuneration

During the 24 months preceding lodgement of this Prospectus with ASIC, the remuneration for each Director was as follows:

Director	12 months to 5 October 2017 \$	12 months to 5 October 2016 \$	Total \$
C W Giles	308,984*	174,984	483,968
P S Mertin	58,798	50,115	108,913
K G Williams	102,565	91,833	194,398

* Giles used \$134,000 of the remuneration paid to him to immediately exercise 446,667 listed Options.

Geocom Pty Ltd (a company owned by Dr Giles) has a consulting contract with Havilah Resources covering Dr Giles' employment with the Company. Dr Giles does not take directors' fees.

Details of these arrangements have been previously disclosed by Havilah Resources to the ASX, in particular, please refer to Havilah Resources' Annual Report for the year ended 31 July 2016.

Non-executive directors' fees not exceeding an aggregate of \$300,000 per annum have been approved by Shareholders in general meeting. The level of non-executive directors' fees may be varied by Shareholders in general meeting in accordance with its constitution.

7.8 Interests of other persons

Other than as set out below or elsewhere in this Prospectus, no person named in this Prospectus as performing a function in a professional, advisory or other capacity in connection with the preparation or distribution of this Prospectus, holds any interest in the outcome of this Prospectus and except as set out in this Section no amounts

have been paid or agreed to be paid and no benefits have been given or agreed to be given to any of those persons for services rendered by him or her in connection with the formation or promotion of Havilah Resources or the Offer.

CPS Capital was appointed as the Lead Manager and Underwriter to the Rights Issue pursuant to an agreement with the Company dated 4 October 2017 (**Underwriting Agreement**). Pursuant to the Underwriting Agreement, CPS Capital will provide services relating to the management and marketing of the Rights Issue. In consideration for the services provided pursuant to the Underwriting Agreement, the Company will pay CPS Capital the following fees:

- (a) upon the full amount under the Rights Issue being raised, 3,000,000 Options on the same terms as the New Options issued under the Rights Issue;
- (b) a lead management fee of \$65,000;
- (c) a management fee of 1% of the total amount raised under the Offer;
- (d) an underwriting fee of 5% of the Underwritten Amount;
- (e) a shortfall placement fee of 5% of any Shortfall placed; and
- (f) the Company will reimburse CPS Capital for all reasonable expenses properly incurred.

During the 24 months preceding lodgement of this Prospectus with ASIC, the Underwriter was not paid any fees by the Company.

Arion Legal has acted as lawyers to the Company in relation to the Rights Issue. The Company estimates that it will pay Arion Legal \$15,000 (excluding GST and disbursements) for these services. During the 24 months preceding lodgement of this Prospectus with ASIC, Arion Legal has been paid fees totalling \$22,000 (excluding GST and disbursements) for legal services provided to the Company.

7.9 Expenses of the Rights Issue

The total expenses of the Rights Issue are estimated to be \$353,000 comprising legal and due diligence costs, printing, ASIC fee, underwriting fees, brokers' fees and other administrative expenses.

7.10 Governing Law

This Prospectus and the Offer and the contracts formed on acceptance of the Applications are governed by the laws applicable in South Australia, Australia. Each Applicant submits to the non-exclusive jurisdiction of the courts of South Australia, Australia.

8 RISK FACTORS

8.1 Introduction

An overview of the key risks that may have a material adverse impact upon the future performance of Havilah Resources and the value of Havilah Resources Shares are described in this Prospectus and include those risks set out in this Section. The risks identified in this Section are not exhaustive. The Company gives no assurances or guarantees of future performance or profitability, or payment of dividends.

Additionally Havilah Resources gives no assurances or guarantees that the risks set out in this document will not change. There may be other material risks which are not disclosed in this document because they were not known by the Company or were not considered to be material at the date of this Prospectus.

Some of the risks may be mitigated by the use of safeguards and appropriate systems and controls. However, many risks that may affect Havilah Resources are outside the control of the Company and its subsidiaries.

This Section does not take into account the investment objectives, financial circumstances or particular needs of individual Shareholders. It is important that Shareholders carefully read this Prospectus in its entirety (particularly the risks set out in this Section), consider their personal circumstances (including financial and taxation issues) and seek independent professional advice before deciding whether to subscribe for New Shares and the attaching free New Options.

8.2 Specific risk factors that affect Havilah Resources

Set out below are some of the key risks that have been identified as potentially affecting the performance and value of Havilah Resources Shares and the ability of the Company to potentially pay dividends in the future. The past performance of Havilah Resources is not necessarily representative of the future performance of Havilah Resources or the value of Havilah Resources Shares.

Risks associated with the Company and its operations

(a) Tenement assets

Havilah Resources has a very large land position covered by exploration licences. The continued success of the Company is tied to maintaining those tenements through continued committed exploration spending and land administration. This requires available funds and sound systems and processes to operate as planned.

(b) Key personnel

Havilah Resources' success depends to a significant extent upon its key management personnel, as well as other management and technical personnel including sub-contractors. Although the Company enters into employment and incentive arrangements with its personnel to secure their services, it cannot guarantee the retention of their services.

There can be no assurance given that there will be no detrimental impact on the Company if one or more of these people cease their engagement. The Company's inability to recruit additional appropriately skilled and qualified personnel to replace these key personnel could have an adverse effect on the Company. There can be no guarantee that personnel with the appropriate skills will be available within the Company's required timeframes.

(c) Development consents, production and operation

Mining activities carry an inherent degree of risk. Certain approvals (whether regulatory, environmental or otherwise) are needed in connection with the current and proposed mining operations of Havilah Resources and there is a risk that these approvals will not be given, or will be delayed, which could delay project progress and would prevent mining operations proceeding.

Various production and operational factors could affect the success of Portia and the Company's other projects once mining commences. These include unanticipated mining or geological conditions, climatic conditions, environmental issues, exploration results, plant and equipment failures or delays, transport interruptions, shortage of processing inputs, industrial disputes, cost overruns and other general operating risks.

The mining operation at Portia is carried out under a mining services agreement and a processing agreement with a contractor. Should the existing contractor cease mining or processing or be unable to continue mining or processing for whatever reason then the Company will have to cease mining and processing operations until a replacement mining and/or processing contractor can be retained, unless it decides to continue with the mining and processing operations on its own. There is no guarantee that any new or replacement contractor will have

the same skill or experience in carrying out the mining or processing on the site and this may lead to decreased mining and/or processing output. Or indeed there is no guarantee that any replacement mining and/or processing contractor could be found at all.

The clay overburden at Portia constitutes what is presently perceived as the most significant potential risk for mining by way of Highwall Stability and risk of pit wall failure. The current design criteria used are as recommended by our consultants but the risk remains to the success of the Portia mine. The worst case scenario is that the Company would be unable to successfully recover the gold resources that occur beneath the overburden and therefore not be able to generate any proceeds from metals sales from the referenced project.

The nature of gold at Portia is extremely patchy and it is exceedingly difficult to estimate expected gold grades with a normally acceptable level of confidence. It is possible that grades estimated from routine grade control drilling and pit floor sampling may or may not be achieved during practice and that the mining operation may run at a loss and be unprofitable to operate.

(d) Development cost and timing

Development projects may incur higher costs than currently anticipated or may be delayed due to the need to obtain regulatory approvals or licenses or due to issues with contractors or suppliers, not being able to secure financing, or accidents during construction or commissioning of mines. These higher costs or project delays will reduce and/or delay revenue from metals sales from the projects.

There is also a risk that Havilah Resources will not achieve its strategic goals due to delays or difficulties occurring during the start-up or operation of its projects.

(e) Future Capital requirements

The available funds of Havilah Resources may not be sufficient to cover expenditure that may be required to execute the projects or planned operations of the Company or to expand its operations or projects or for other capital expenditure, further exploration or feasibility studies or otherwise in the Company's operations. Havilah Resources may need to raise additional equity or debt funds in the future to finance these activities and requirements. There is no assurance that the Company will be able to obtain additional financing when required in the future, or that the terms and time frames associated with such funding will be acceptable to Havilah Resources, particularly having regard to the current uncertain economic environment and the effect that metal prices may have on future production and earnings performance. This may have an adverse effect on the Company's ability to achieve its strategic goals and have a negative effect on its financial results.

(f) Native title

Havilah Resources' mineral tenements and other entitlements to property and minerals may be affected by native title claims, unregistered agreements, transfers or unknown defects in title. Native title claims and Aboriginal heritage issues may have a material adverse impact on the Company's activities and may hinder or prevent its exploration and future mining activities or increase the cost of those activities.

(g) Counterparty risk

There is a risk, which is higher in the current uncertain economic environment, that contracts and other arrangements which Havilah Resources is party to and obtains a benefit from, will not be performed by the relevant counterparties if those counterparties become insolvent or are otherwise unable to perform their obligations. The Company and its projects may suffer material adverse consequences such as increased costs, delayed projects, loss of market share, or loss of customers.

(h) Impairment of assets

Exploration and evaluation assets are assessed for impairment when facts and circumstances (as defined in AASB 6 "Exploration for and Evaluation of Mineral Resources") suggest that the carrying amount of exploration and evaluation assets may exceed its recoverable amount. The recoverable amount of the exploration and evaluation assets (or the cash-generating unit(s) to which it has been allocated, being no larger than the relevant area of interest) is estimated to determine the extent of the impairment loss (if any). Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in previous years. Where a decision is made to proceed with development in respect of a particular area of interest, the relevant exploration and evaluation asset is tested for impairment, reclassified to development properties, and then amortised over the life of the reserves associated with the area of interest once mining operations have commenced.

(i) Health and safety

The businesses of Havilah Resources are subject to strict health safety and safety laws and regulations. The Company may become liable for past and current conduct of Havilah Resources which violates such laws and regulations. Penalties for breaching health and safety laws can be significant and include criminal penalties. Victims of workplace accidents may also commence civil proceedings against the Company. These events might

not be insured by Havilah Resources or may be uninsurable. In addition, any changes in health and safety laws and regulations may increase compliance costs for the Company. Such an event would negatively impact the financial results of the Company.

(j) Insurance

Havilah Resources has various insurances covering its business. However, certain risks are not covered by insurance due to limitations or exclusions in insurance policies or because the Company has decided not to insure against certain risks because of high premiums or for other reasons. Mining accidents, cave-ins, business interruption, compensation claims, environmental effects, fires, floods, earthquakes and various other events may not be adequately covered by insurance. Uninsured events or limited insurance coverage could significantly increase the costs of the Company if such uninsured events were to occur.

(k) Metal prices

Any future earnings of Havilah Resources will be significantly affected by local and worldwide metal prices over which the Company has no control. Low metal prices will have a materially adverse effect on Havilah Resources by reducing the value of its projects or the proceeds from metal sales. It is not possible to accurately predict future movements in metal prices particularly in the current uncertain economic environment.

(l) Resource and Reserve estimates

Havilah Resources has made estimates of its resources based on relevant reporting codes, where required, and judgments based on knowledge, skills and industry experience. Actual mining results may materially differ from those estimates due to further findings and results not previously known or fluctuations in operating costs, exchange rates and metal prices. The consequences for project economics may be either positive or negative.

(m) Regulatory and legislative

Any changes in the laws and regulations under which Havilah Resources operates may adversely impact the Company's activities, planned projects and financial results. These laws and regulations include mining and exploration-related laws, laws requiring permits and licences, environmental regulations and health and safety laws and regulations. In Havilah's experience changes in legislation have generally produced more regulatory requirements resulting in increased compliance costs for the Company.

(n) Environment

Mining and exploration activities are strictly regulated by environmental legislation and government authorities. There is a risk that environmental regulation may prevent or impede the Company's activities. It is possible that environmental approvals for Havilah Resources' projects are not granted or are delayed. If this occurred it may materially affect the Company's ability to develop its projects and therefore its investment outlook.

(o) Competition

Havilah Resources is subject to competition from other miners. Competitors include current miners and future entrants into the market. Other companies may have competitive advantages such as new technology, new production processes, or access to key infrastructure. Havilah Resources may be unable to successfully compete and may suffer material adverse consequences such as loss of market share and customers.

(p) Litigation

Havilah Resources may be subject to litigation and other claims. This could result in negative publicity and/or additional expenditure.

(q) Past transactions

Previous transactions undertaken by Havilah Resources which involved the acquisition or disposal of assets may continue to bear risks associated with the possibility of warranty or other claims in connection with such transactions to which it was a party.

Risks associated with the Rights Issue

(r) Dilution

The Rights Issue will result in the issue of New Shares with an attaching free New Options. If you do not participate in the Rights Issue or you do not take up your full Entitlement, your percentage holding in the Company (held at the Record Date) may be reduced, by both the take up of New Shares by other Shareholders and investors, and upon the exercise of the attached free New Options. The extent of dilution will depend upon the extent to which the Offer is taken up, and the New Options are exercised, resulting in an increase in the Company's issued share capital.

(s) Completion of Rights Issue

There is no guarantee that all the New Shares under this Offer will be taken up by the Eligible Shareholders. As noted in this Prospectus, the Directors and the Underwriter may also not be able to place some or all of any Shortfall under this Rights Issue. Accordingly, the Company may not raise all of the funds proposed to be raised under the Rights Issue. This may have an adverse effect on the Company's ability to achieve its strategic goals and will have a negative effect on its financial results.

(t) Share price

Post this Rights Issue, there is no certainty that Havilah Resources will achieve an improvement of its share price. Due to the occurrence of adverse changes in the business or unforeseen circumstances, or general market conditions, Havilah Resources Shares may depreciate in value and Shareholder wealth may decline.

8.3 Investment Speculative

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Securities. Shareholders should consider that the investment in the Company is high risk and should consult their professional adviser before deciding whether to apply for Securities pursuant to this Prospectus.

9 CONSENTS
