## **iSignthis V2.0 *paydentity* SaaS certified to PCI DSS V3.1 Level 1**

- iSignthis Version 2.0 SaaS now 3<sup>rd</sup> Party Certified
- Customers expected to go live progressively
- Certification mitigates Company, Customer and Card Holder risk
- Certification allows transaction processing of End Users to commence

iSignthis Ltd [ASX: ISX] ("the Company") is pleased to announce that it has achieved Level 1 Payment Card Industry (PCI)<sup>1</sup> Data Security Standard (DSS) v3.1 certification for its V2.0 SaaS '*paydentity*' cloud based identity and payment processing services.

The Level 1 certification allows iSignthis to offer full '*paydentity*' payment processing services, across all major card schemes.

The audit and certification applies to the companies V2.0 SaaS released in late December 2015. The certification covers technical, security and operational procedures of iSignthis Ltd and its subsidiaries, and further assures our customers of our ongoing compliance with the Payment Card Industry requirements.

As a result, iSignthis Customers will be able to commence transacting based upon their launch timetables, which will be announced separately.

The Company is also uniquely registered with Visa as a *Card Authentication Service*<sup>2</sup>.

The Company was audited by Security Centric Pty Ltd of Sydney, a PCI Qualified Security Assessor (<https://securitycentric.com.au/>)
