INDIVA Signs Cannabis Concentrate Program Agreement With MediPharm Labs

NEWS PROVIDED BY
Indiva Limited
07:00 ET

**/NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR FOR DISSEMINATION
IN THE UNITED STATES./**

LONDON, ON, Sept. 4, 2018 /CNW/ - INDIVA Limited (the "**Company**" or "**INDIVA**") (TSXV: NDVA) is pleased to announce its wholly-owned subsidiary, INDIVA Inc., has entered into a Cannabis Concentrate Program Agreement (the "**Agreement**") with MediPharm Labs Inc. ("**MediPharm**"). Pursuant to the Agreement, the parties have entered into a commercial arrangement whereby INDIVA will provide MediPharm with dried cannabis to use for the purposes of creating cannabis oil (the "**Program**"). The Program will be for an initial term of three years.

Subject to the bulk transfer approval of Health Canada and other applicable regulatory approvals, INDIVA will ship dried cannabis to MediPharm which MediPharm will use to produce cannabis oil. The parties intend that under the Program, MediPharm may provide cannabis oil to INDIVA or to other licensed producers of medical cannabis at the direction of INDIVA. Alternatively, INDIVA may release the cannabis extract for use by MediPharm. The Program will be established at no capital cost to INDIVA; however, MediPharm will charge INDIVA processing fees for the cannabis oil produced, and the revenue earned on sales of cannabis oil by MediPharm will be shared between MediPharm and INDIVA.

Niel Marotta, INDIVA's President and Chief Executive Officer, said: "We are very happy to partner with MediPharm and we are excited to accelerate our offering of cannabis oil to our clients. We will continue to construct our extraction facility and lab in London, however this partnership provides near term capacity, as well as terrific long-term potential, as we prepare for the recreational market to commence, and for the market to shift towards the manufacture and sale of derivative products."

Pat McCutcheon, MediPharm's President and Chief Executive Officer said: "We're very proud to provide a comprehensive oil strategy and a long-term partnership with a company with such unique genetics and proven experience and expertise in its cultivation and grow strategies."

About MediPharm Labs Inc.

Founded in 2015, MediPharm Labs is a pioneer in the cannabis industry and has the distinction of being the first company in Canada to become a licensed producer for cannabis oil production under the *Access to Cannabis for Medical Purposes Regulations* (ACMPR) without first receiving a cannabis cultivation licence. This expert focus on cannabis concentrates from MediPharm Labs' cGMP (current Good Manufacturing Practices) and ISO standard clean rooms and critical

environments laboratory, allows MediPharm to work with its established, Health Canada-approved cultivation partners to produce pharmaceutical-grade cannabis oil with a competitive advantage. MediPharm Labs is research-driven and focused on downstream secondary extraction methodology, distillation, and cannabinoid isolation and purification. MediPharm provides B2B contract processing of cannabis to Canadian authorized licensed producers and appropriate international growers, supplying integrity-assured cannabis oil to qualified companies for sale under their own brand. In addition, MediPharm Labs will supply raw materials, formulations, processing and packaging for the creation of ready-to-sell advanced derivative products. Through its subsidiary, MediPharm Labs Australia Pty. Ltd., MediPharm has also completed its application process with the federal Office of Drug Control to extract and import medical cannabis products in Australia.

For additional information about MediPharm Labs, please see the company's website: www.medipharmlabs.com

About INDIVA

INDIVA is a Canadian supplier of high quality, medical grade cannabis. INDIVA's strain selection, cultivation and client care processes combine the know-how and experience of an internationally recognized and award-winning grow-team with GMP-compliant quality assurance standard operating procedures.

INDIVA's wholly owned subsidiary is a Licensed Producer under Canada's Access to Cannabis for Medical Purposes Regulation ("**ACMPR**") with its first indoor cannabis production facility located in London, Ontario.

INDIVA aims to become a global marijuana brand recognized for high quality cannabis products and excellent client care. As marijuana laws liberalize in Canada, INDIVA will expand its product offering to include safe edibles and other

client-friendly cannabis products. In addition, as marijuana laws liberalize internationally, INDIVA will use its Canadian operations as a platform to open new markets for its cannabis products.

DISCLAIMER & READER ADVISORY

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) has in any way passed upon the merits of the information contained herein and neither of the foregoing entities accepts responsibility for the adequacy or accuracy of this release or has in any way approved or disapproved of the contents of this press release.

This press release contains forward-looking statements about INDIVA and its business which may include, but is not limited to, risk, uncertainties and other factors that may cause actual events to differ materially from current expectations. The forward-looking events and circumstances discussed in this release may not occur by certain specified dates or at all and could differ materially as a result of known and unknown risk factors and uncertainties affecting Indiva. For example, there can be no guarantee that the Program will proceed as intended by the parties and set out in the Agreement, or that applicable regulatory approvals will be obtained to carry out the activities contemplated herein. Other risk factors include risks regarding the cannabis industry, economic factors, the equity markets generally and risks associated with growth and competition. Although Indiva has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this press release. The Company disclaims any intention or obligation, except to the extent

required by law, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. The forward looking information contained in this release is made as of the date hereof and the parties are not obligated to update or revise any forward looking information, whether as a result of new information, future events or otherwise, except as required by applicable securities laws. Because of the risks, uncertainties and assumptions contained herein, investors should not place undue reliance on forward looking information. The foregoing statements expressly qualify any forward-looking information contained herein.

This press release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available. Not for distribution to U.S. Newswire Services or for dissemination in the United States. Any failure to comply with this restriction may constitute a violation of U.S. Securities laws.

Bonify Signs Cannabis Concentrate Program Agreement With MediPharm Labs Inc.

TORONTO, Aug. 02, 2018 (GLOBE NEWSWIRE) -- MediPharm Labs Inc. ("**MediPharm**" or the "**Company**") is pleased to announce that it has entered into a Cannabis Concentrate Program Agreement dated July 31, 2018 (the "**Agreement**") with 6779264 Manitoba Ltd. (O/A Bonify) ("**Bonify**"). Pursuant to the Agreement, the parties have entered into a commercial arrangement whereby Bonify will provide MediPharm with dried cannabis to use for the purposes of creating purity-assured cannabis oil (the "**Program**").

Subject to the bulk transfer approval of Health Canada, Bonify will ship dried cannabis to MediPharm which MediPharm will use to produce cannabis oil. The parties intend that under the Program, MediPharm may provide cannabis oil to Bonify or to other licensed producers of medical cannabis at the direction of Bonify. Alternatively, Bonify may release the cannabis extract for use by MediPharm. The Program will be established at no capital cost to Bonify; however, MediPharm will charge Bonify processing fees for the cannabis oil produced, and the revenue earned on sales of cannabis oil by MediPharm will be shared between MediPharm and Bonify.

Dalbir Bains, Bonify's President and Chief Executive Officer, said: "This initiative with MediPharm is aligned with our mission to help make our patient and customer lives better by offering smoke free cannabis products. Bonify intends on being a leader in providing derivative cannabis products targeted at customers who are seeking alternatives to traditional pharmaceuticals and over the counter products. We look forward to working with MediPharm on this exciting initiative."

Pat McCutcheon, MediPharm's President and Chief Executive Officer, said: "We're very excited to provide an elevated oil strategy to Manitoba's elite cannabis cultivators. We're thrilled to be linking provinces together through quality and innovation in product development."

The Program will be for an initial term of one year.

About Bonify

Bonify is a Canadian-owned Licensed Producer and leading provider of medical cannabis. By maximizing research findings and strictly adhering to best-in-class practices, quality standards and procedures, Bonify produces medical cannabis products to help individuals get the most out of life each and every day. With over 1,000,000 square feet of potential productive capacity at its present site in Winnipeg, Manitoba, Canada, when at full scale, Bonify will be capable of growing over 100,000 kg of cannabis annually.

James E. Wagner Cultivation Corporation Signs Cannabis Concentrate Program Agreement With MediPharm Labs Inc.

TORONTO, July 31, 2018 (GLOBE NEWSWIRE) -- James E. Wagner Cultivation Corporation (TSX VENTURE:JWCA) ("**JWC**" or the "**Company**") is pleased to announce that it has entered into a Cannabis Concentrate Program Agreement dated July 31, 2018 (the "**Agreement**") with MediPharm Labs Inc. ("**MediPharm**") further to the Company's press release dated June 18, 2018. Pursuant to the Agreement, the parties have entered into a commercial arrangement whereby JWC will provide MediPharm with dried cannabis to use for the purposes of creating cannabis oil (the "**Program**").

Subject to the bulk transfer approval of Health Canada, JWC will ship dried cannabis to MediPharm which MediPharm will use to produce cannabis oil. The parties intend that under the Program, MediPharm may provide cannabis oil to JWC or to other licensed producers of medical cannabis at the direction of JWC. Alternatively, JWC may release the cannabis extract for use by MediPharm. The Program will be established at no capital cost to JWC; however, MediPharm will charge JWC processing fees for the cannabis oil produced, and the revenue earned on sales of cannabis oil by MediPharm will be shared between MediPharm and JWC.

Nathan Woodworth, JWC's President and Chief Executive Officer, said: "Oil is an important product form in the cannabis industry, and JWC is pleased to be working with a company that offers a unique path to providing high quality oils to our patients."

Pat McCutcheon, MediPharm's President and Chief Executive Officer, said: "We're very excited to provide an oil strategy to such innovative leaders in the cannabis space."

The Program will be for an initial term of three years.

About MediPharm Labs Inc.

Founded in 2015, MediPharm is a pioneer in the cannabis industry and has the distinction of being the first company in Canada to become a licensed producer for cannabis oil production under the *Access to Cannabis for Medical Purposes Regulations* (ACMPR) without first receiving a cannabis cultivation licence.
