This cleansing notice (**Cleansing Notice**) is given by Mustang Resources Limited (ACN 090 074 785) (**Company**) under Section 708A(12C)(e) of the Corporations Act 2001 (Cth) (**Corporations Act**) as amended by ASIC Corporations (Sale Offers: Securities Issued on Conversion of Convertible Notes) Instrument 2016/82.

The Company hereby confirms that:

- (a) the convertible notes were issued without disclosure to investors under Part 6D.2 of the Corporations Act; and
- (b) this Cleansing Notice has been given in accordance with section 708A(12C)(e) of the Corporations Act;

The issue of this Cleansing Notice enables the fully paid ordinary shares in the capital of the Company (**Shares**) issued on the conversion of the convertible notes issued by the Company on the terms described below, to be on-sold to retail investors without further disclosure.

1. BACKGROUND

As announced on 8 January 2018, the Company has entered into a deed in relation to a convertible note facility with Arena Structured Private Investments (Cayman) LLC (**Noteholder**) with a face value of \$21,000,000 (**Facility**) (**Convertible Note Deed**).

The Company has received under the Facility an amount of \$1,900,000 in consideration for the issue of the first tranche Convertible Notes (**First Tranche**) with a face value of \$2,000,000 and, subject to approval by shareholders of the Company (**Shareholders**), 24,691,358 Options (assuming a 5 Trading Day VWAP of \$0.0324).

The issue of further tranches of Convertible Notes (**Follow On Tranches**) under the Facility remains subject to Shareholder approval.

Shareholder approval for subsequent tranches will be sought at separate Shareholder meetings at the appropriate time during the term of the Facility.

The Convertible Notes are to be issued in seven tranches in which the Company will receive a total of \$19,950,000:

- (a) First Tranche – \$1,900,000 (having a principal amount of \$2,000,000) has been received and all conditions to this issue have been met; and
- (b) Follow On Tranches – six conditional tranches of Convertible Notes, the first Follow On Tranche of \$3,800,000 (having a principal amount of \$4,000,000) and each subsequent Follow On Tranche being \$2,850,000 (each having a principal amount of \$3,000,000), to be issued by the Company to the Noteholder on the applicable issue date, being after the Company has given the Noteholder no less than 10 days' notice in advance of the proposed issue date of such Follow On Tranche which notice may not be given:
 - (i) in respect of the first Follow On Tranche following the First Tranche (Tranche 2), until 4 months after the issue date of the First Tranche;
 - (ii) in respect of the second Follow On Tranche following the First Tranche (Tranche 3), until 4 months after the issue date of Tranche 2;
 - (iii) in respect of the third Follow On Tranche following the First Tranche (Tranche 4), until 3 months after the issue date of Tranche 3;
 - (iv) in respect of the fourth Follow On Tranche following the First Tranche (Tranche 5), until 3 months after the issue date of Tranche 4;
 - (v) in respect of the fifth Follow On Tranche following the First Tranche (Tranche 6), until 4 months after the issue date of Tranche 5; and
 - (vi) in respect of the sixth Follow On Tranche following the First Tranche (Tranche 7), until 4 months after the issue date of Tranche 6.

Each Convertible Note will be issued with a face value of \$1.00.

Each tranche of Convertible Notes has an 18 month term.

Should the Company fail to draw any portion or all of the Follow On Tranches prior to the 2 year anniversary of the issue date of the First Tranche, or to obtain any required Shareholder approvals for the transaction, the Company must pay the Noteholder the relevant Termination Payment (defined in Section 4(l) of this Cleansing Notice), in addition to any other obligation of the Company under the Convertible Note Deed, and the Noteholder's obligation to subscribe for further Convertible Notes under the Facility lapses.

The Company must pay in cash to the Noteholder a transaction fee in aggregate equal to 2% of the relevant principal amount on a pro rata basis upon each draw down of the First Tranche and each of the Follow On Tranches.

A summary of the rights, privileges and restrictions attaching to the Convertible Notes is set out in Section 4 of this Cleansing Notice.

The Directors consider that the Facility is in the best interests of Shareholders as it provides funding for further planned exploration and development work on its Montepuez Ruby and Caula Graphite Projects in Mozambique.

2. CONTENTS OF THIS CLEANSING NOTICE

This Cleansing Notice sets out the following:

- (a) in relation to the Convertible Notes:
 - (i) the effect of the issue on the Company;
 - (ii) a summary of the rights and liabilities attaching to the Convertible Notes; and
 - (iii) a summary of the rights and liabilities attaching to the Shares that will be issued on the conversion of the Convertible Notes; and
- (b) any information that:
 - (i) has been excluded from continuous disclosure notices in accordance with the ASX Listing Rules; and
 - (ii) is information that investors and their professional advisors would reasonably require for the purpose of making an informed assessment of:
 - (A) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; and
 - (B) the rights and liabilities attaching to Shares; and
 - (iii) other information relating to the Company's status as a disclosing entity.

3. THE EFFECT OF THE ISSUE ON THE STRUCTURE OF THE COMPANY

3.1 Effect of the issue on the Company

The principal effect of the issue of the Convertible Notes on the Company will be to:

- (a) increase the Company's cash reserves by \$19,950,000 (before costs associated with the Convertible Note issue);
 - (b) increase the number of unquoted unsecured Convertible Notes on issue from nil to seven, assuming the full draw down under the Facility;
 - (c) give rise to the Company having a liability for the amount of the face value of the Facility;
-

- (d) if the Convertible Notes or accrued interest are converted, either wholly or in part to Shares, increase the number of Shares on issue as a consequence of the issue of Shares on such conversion; and
- (e) increase the number of Options on issue as a consequence of the requirement to issue new Options with each tranche of Convertible Notes.

3.2 Pro Forma Consolidated Statement of Financial Position As at 30 November 2017 taking into account the issue of Convertible Note

- (a) Set out in Annexure A is a pro forma consolidated Statement of Financial Position as at 30 November 2017 for the Company based on the unaudited November 2017 Management Accounts adjusted to reflect the proposed Convertible Notes issue and has been prepared on the basis of the accounting policies normally adopted by the Company.
- (b) The pro forma financial information is presented in an abbreviated form in so far as it does not include all of the disclosures required by Australian Accounting Standards applicable to annual financial statements. The pro forma financial information is not audited. The classification of the allocations between debt and equity for the Convertible Notes may change in the future.

3.3 Potential effect on capital structure

- (a) As at the date of this Cleansing Notice, the total number of issued Shares is 771,433,387.
 - (b) The capital structure of the Company will be affected by the conversion of the Convertible Notes by the Noteholder which will result in additional Shares being issued.
 - (c) Subject to limits on the conversion under the Convertible Note Deed, the Convertible Notes can be converted at any time after their issue and prior to the date of maturity (being 18 months from the date of their respective issues (**Maturity Date**)) at the request of the Noteholder, or they will automatically be redeemed on the Maturity Date.
 - (d) If the full amount of the Facility is drawn down and the Noteholder converts the entire Facility, then based on an average conversion price of \$0.031 per new Share (this was the last closing price prior to announcement of the Facility) and assuming the full face value of \$21,000,000 is converted (**Assumptions**), 677,419,355 new Shares would be issued. The actual effect of the share capital of the Company will depend on what percentage of the Convertible Notes are actually converted and the price which the conversion occurs.
 - (e) 24,691,358 Options (assuming a 5 Trading Day VWAP of \$0.0324) will be issued, subject to Shareholder approval, in relation to the First Tranche.
 - (f) Options will also be issued for each of the Follow On Tranches. The quantity will be equal to 40% of the face value of the tranche (\$1,600,000 for the first Follow On Tranche and \$1,200,000 for each other Follow On Tranche) divided by the 5 trading day volume weighted average price (**VWAP**) of Shares as traded on ASX and published by Bloomberg ending on the last trading day before the date of issue of the Convertible Notes of the respective tranche (**5 Trading Day VWAP**). Assuming the 5 Trading Day VWAP is \$0.031 a total of 245,161,291 Options will be issued.
-

The effect on the issued share capital of the Company on conversion of all the Convertible Notes and the issue and exercise of all Options issued under the Facility is set out in the table below based on the Assumptions. This does not account for any interest payable under the Facility being converted into Shares.

4. RIGHTS AND LIABILITIES ATTACHING TO THE CONVERTIBLE NOTES UNDER THE FACILITY

Each tranche of Convertible Notes has a term of 18 months.

Should the Company fail to draw any portion or all of the Follow On Tranches prior to the 2 year anniversary of the issue date of the First Tranche, or to obtain any required Shareholder approvals for the transaction, the Company must pay the Noteholder the relevant Termination Payment (defined in Section (I) of this Cleansing Notice), in addition to any other obligation of the Company under the Convertible Note Deed, and the Noteholder's obligation to subscribe for further Convertible Notes under the Facility lapses.

- (iii) the remaining Follow On Tranches each have an aggregate face value of \$3,000,000 and therefore a purchase price of \$2,850,000.

Total purchase price being \$19,950,000 (**Purchase Price**).

(d) **Conditions to draw down of Follow On Tranches**

The draw down of the Follow On Tranches is subject to the satisfaction of the following conditions precedent:

- (i) the Company providing evidence that it has sufficient capacity or the necessary Shareholder approvals for the issue and conversion of the convertible notes in accordance with the Convertible Note Deed terms as well as for the issue and exercise of the options to be issued to the Noteholder and if required the issue of Shares under the Equity Payment Option (as defined in Section 4(g) of this Cleansing Notice);
 - (ii) the market capitalisation of the Company being at least \$12.3 million;
-

- (iii) the Company confirming at the time that no Event of Default (as defined in Section 4(l) of this Cleansing Notice) and no event or circumstance which with the passage of time or the fulfilment of any condition is reasonably likely to become an Event of Default is continuing unremedied or would occur as a result of the issue by the Company of the relevant Tranche; and
- (iv) the Company confirming at the time that no material adverse event or change of control (as defined in the Convertible Note Deed) has occurred and no event or circumstance which with the passage of time or the fulfilment of any condition is reasonably likely to become a material adverse change or change of control is continuing unremedied or would occur as a result of the issue by the Company of any of the relevant Tranche.

(e) **Issue dates**

The Convertible Notes will be issued as follows:

- (i) First Tranche – on 15 January 2018;
- (ii) Follow On Tranches – after the Company has given the Noteholder no less than 10 days' notice in advance of the proposed issue date of such Follow On Tranche which notice may not be given:

 - (F) in respect of Tranche 7, until 4 months after the issue date of Tranche 6.

(f) **Options**

- (i) Subject to Shareholder approval, upon issue of each tranche of Convertible Notes the Noteholder is entitled to an issue of Options calculated as follows:

Principal Amount of Convertible Notes issued x 40%
5 Trading Day VWAP before the date of issue of the Convertible Notes

- (ii) The exercise price of the Options will be 130% of the average VWAP of Shares for the 5 consecutive trading days prior to the date of issue of the Options.
-

- (iii) The expiry date of the Options will be 3 years from the date of issue.
- (iv) the Company may, instead of issuing Shares on exercise of an Option, pay cash to the Noteholder in immediately available funds within 2 business days of the date of the notice of exercise, calculated as follows:

$$\text{Cash} = N \times \text{closing price on the last trading day before the date of the notice of exercise.}$$

$$N = \text{number of Options being exercised}$$
- (v) The Options are otherwise issued on the terms and conditions set out in Section 5 of this Cleansing Notice.

(g) **Interest**

The Company must pay interest at a rate equal to 11% per annum on accruing monthly balances on 30 June and 31 December in each year and on the Maturity Date. The interest can be paid in cash or, at the election of the Company, by issuing Shares to the Noteholder (**Equity Payment Option**) (other than for the First Tranche where interest is payable in cash only).

The Company must pay an additional 2% interest per annum on amounts payable to the Noteholder which are not paid in full when due, accruing on monthly balances of the outstanding amount and capitalised on the last business day of each month if still not repaid (**Default Interest**). The Default Interest can also be paid in cash or at the election of the Company by issuing Shares to the Noteholder (other than for the First Tranche where interest is payable in cash only).

In order to exercise the Equity Payment Option:

- (i) the VWAP of Shares for the business day immediately preceding the exercise date must be at least \$0.01;
 - (ii) the Shares must be freely tradeable;
 - (iii) the Company must have received all requisite Shareholder approvals or otherwise be able to issue the Shares without breaching the Listing Rules;
 - (iv) the Noteholder and its associates must not hold more than a 15% interest in the Shares; and
 - (v) the Noteholder must not breach the following restrictions:
 - (A) The Noteholder agrees not to convert more than 50% of the First Tranche Convertible Notes issued to it before 1 month after the issue date of the First Tranche, provided that if an Event of Default (defined in Section 4(l) of this Cleansing Notice) has occurred at any time before that date, the Noteholder is free to convert any number of those Convertible Notes without restriction.
 - (B) The Noteholder also agrees not to convert any Convertible Notes, exercise any Options or receive any
-

Shares under the Equity Payment Option, which would result in the Noteholder holding a relevant interest in more than 19.99% of the issued Shares (or such other limit prescribed by section 606(1)(c)(i) of the Corporations Act from time to time), except to the extent permitted under section 611 of the Corporations Act.

(together the **Conversion Restrictions**).

In the event the Equity Payment Option is exercised, the issue price of each Share is taken to be the lesser of:

- (i) an amount equal to 93% of the VWAP of Shares for the trading day immediately preceding the exercise of the Equity Payment Option; and
- (ii) at any time during the period of 6 months after notification of satisfaction or waiver of the conditions precedent to the issue of the relevant tranche of Convertible Notes has been given in accordance with the terms of the Convertible Note Deed (Closing), a price equal to 150% of the average VWAP of Shares for the 20 trading days prior to Closing.

(h) **Security**

The Convertible Notes are unsecured.

(i) **Conversion**

Subject to the Conversion Restrictions, the Noteholder may convert Convertible Notes into Shares and interest on those Convertible Notes as at the conversion date at the conversion price, being:

- (i) In relation to the First Tranche, the higher of:
 - (A) the lowest 1 day Volume Weighted Average Price (**VWAP**) as published by Bloomberg during the prior 20 trading day period ending on the last Trading Day before the applicable Conversion Date; and
 - (B) the floor price of \$0.018; and
- (ii) in relation to each of the Follow On Tranches, the lowest 1 day VWAP as published by Bloomberg during the prior 20 Trading Days period ending on the last Trading Day before the Conversion Date.

(Conversion Price).

The number of Shares issued will be equal to the aggregate principal amount of the relevant Convertible Notes divided by the Conversion Price. Alternatively, the Company can satisfy this obligation by paying to the Noteholder the equivalent amount in cash.

(j) **Protective Provisions**

Upon the occurrence of certain events, including a bonus issue of Shares, a rights issue, a private placement of Shares, a reorganisation or reconstruction of capital, a dividend, or issues of Shares at a discount to

market (other than a pro rata rights issue to be undertaken by the Company on or about the date of the First Tranche, providing that such issue is at a discount to market of no more than 20%), the Conversion Price that is not variable may be altered.

(k) **Redemption and Repayment**

A Convertible Note must be redeemed on the Maturity Date if the note has not been converted into Shares before the Maturity Date.

The Company will pay to a Noteholder an amount equal to the outstanding principal amount plus accrued but unpaid interest.

The payment will be made in immediately available funds, without deduction, in Australian dollars.

The Company is unable to voluntarily redeem a Convertible Note before the Maturity Date.

(l) **Events of Default**

The Events of Default are as set out in Annexure B to this Cleansing Notice.

If an Event of Default occurs and continues unremedied for a period of 5 business days, the Noteholder may declare at any time by notice to the Company that:

(i) the entire outstanding principal amount, together with accrued interest, and all other amounts accrued or outstanding under the Convertible Note Deed or the Convertible Notes, is either:

(A) payable on demand; or

(B) immediately due for payment and payable,

and the Company must redeem all the Convertible Notes on issue and must pay the Termination Payment to the Noteholder;

(ii) the Noteholder's obligations specified in the notice are terminated; and/or

(iii) the Noteholder may exercise any or all of its rights, remedies, powers or discretions under the Convertible Note Deed.

Termination Payment means an amount equal to 15% of the principal amount of all Convertible Notes which have not been issued under any tranche.

(m) **Transferability**

The Convertible Notes are transferable, subject to the Company's consent and compliance at all times to the Corporations Act and any applicable law.

5. RIGHTS AND LIABILITIES ATTACHING TO OPTIONS ISSUED UNDER THE FACILITY

1. Subject to section 7, each Option entitles the holder to one fully paid ordinary share (**Share**) in the capital of Mustang Resources Limited (**Company**).
-

2. The Options may be exercised at any time prior to 5.00pm (Australian EST) on the date that is 36 months from the issue date.
 3. Subject to section 8, the exercise price of the Options is 130% of the average VWAP of the Company's Shares for the 5 consecutive trading days prior to the issue date of the Options (**Exercise Price**).
 4. To exercise the Options, the Option holder must duly complete, execute and deliver to the Company an exercise notice (**Notice of Exercise**). Options may be exercised by the Option holder in whole or in part by completing the Notice of Exercise and forwarding the same to the Secretary of the Company to be received prior to the expiry date. The Notice of Exercise must, among other things, state the number of Options exercised and the consequent number of Shares to be issued. The Notice of Exercise by an Option holder must be accompanied by payment in full for the relevant number of Shares being subscribed, being an amount of the exercise price per Share.
 5. All Shares issued upon the exercise of the Options will rank equally in all respects with the Company's then issued Shares.
 6. There are no participating rights or entitlements inherent in the Options and the holders will not be entitled to participate in new issues or pro-rata issues of capital to Shareholders during the term of the Options. The Option holder has no rights to a change in the exercise price of the Option or a change to the number of underlying securities over which the Option can be exercised other than in relation to a Bonus Issue.
 7. If there is a bonus issue (**Bonus Issue**) to Shareholders, the number of Shares over which an Option is exercisable will be increased by the number of Shares which the holder would have received if the Option had been exercised before the record date for the Bonus Issue (**Bonus Shares**). The Bonus Shares must be paid up by the Company out of profits or reserves (as the case may be) in the same manner as was applied in the Bonus Issue, and upon issue will rank equally in all respects with the other Shares on issue as at the date of issue of the Bonus Shares.
 8. In the event of any reconstruction (including consolidation, subdivision, reduction or return) of the issued capital of the Company, all rights of the Option holder shall be reconstructed (as appropriate) in accordance with the ASX Listing Rules.
 9. The Options are transferable, subject at all times to any transfer restrictions imposed by ASX or under applicable securities laws, including the Corporations Act 2001 (Cwlth) (**Act**).
 10. The Options will not be listed.
 11. The Company will, within 7 days of the exercise of the Options, apply for official quotation by the ASX of all Shares issued upon the exercise of the Options. If required, the Company will give ASX a notice that complies with section 708A(5)(e) of the Act, or, if the Company is unable to issue such a notice, lodge a prospectus prepared in accordance with the Act and do all such things necessary to satisfy section 708A(11) of the Act to ensure that an offer for sale of the Shares does not require disclosure to Investor.
 12. The Options may not be exercised by or on behalf of a person in the United States unless the Options and the underlying Shares have been registered under the United State Securities Act of 1933, as amended, and applicable state securities laws, or exemptions from such registration requirements are available.
-

6. RIGHTS AND LIABILITIES ATTACHING TO SHARES ISSUED UNDER THE CONVERTIBLE NOTES

The Shares issued to the Noteholder on the conversion of the Convertible Notes and upon the exercise of the Options issued under the Facility will rank equally in all respects with all of the Company's existing Shares. The rights attaching to the Shares, including new Shares to be issued to the Noteholder on the conversion of the Convertible Notes under the Facility, are set out in the Company's Constitution, and, in certain circumstances, regulated by the Corporations Act, the ASX Listing Rules and the general law.

The Company intends to apply to ASX Limited for quotation of the Shares issued on conversion of any Convertible Notes.

Full details of the rights and liabilities attaching to Shares are set out in the Constitution, a copy of which can be inspected free of charge, at the Company's registered office during normal business hours.

The following is a broad summary of the rights, privileges and restrictions attaching to all Shares. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders.

(a) **General meetings**

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with section 249D of the Corporations Act and the Constitution of the Company.

(b) **Voting rights**

Subject to the Constitution and to any rights or restrictions attached to any shares or class of shares, at a general meeting:

- (i) on a show of hands, every member present has one vote;
- (ii) on a poll, every member present has:
 - (A) one vote for each fully paid share held by the member and in respect of which the member is entitled to vote; and
 - (B) a fraction of a vote for each partly paid share held by the member and in respect of which the member is entitled to vote, equivalent to the proportion which the amount paid (not credited) on the share bears to the total amounts paid and payable (excluding amounts credited) on the share.

(c) **Dividend rights**

Subject to the Corporations Act and the Company's Constitution, the directors may pay any interim, special or final dividends as, in their judgment, the financial position of the Company justifies.

The directors may rescind a decision to pay a dividend if they decide, before the payment date, that the Company's financial position no longer justifies the payment.

Subject to any rights or restrictions attached to a share or class of shares:

- (i) all dividends in respect of a share must be paid in the proportion which the amount paid (not credited) on the share bears to the total amounts paid and payable (excluding amounts credited) on the share;
- (ii) all dividends must be apportioned and paid proportionately to the amount paid during any portion or portions of the period in respect of which the dividend is paid;
- (iii) an amount paid on a share in advance of a call is to be ignored; and
- (iv) interest is not payable by the Company in respect of any dividend.

Subject to the Company Constitution, the directors may set aside out of the profits of the Company reserves or provisions for any purpose as they think fit.

The directors may implement a dividend reinvestment plan on the terms they think fit under which the whole or any part of a dividend due to members who participate in the plan on their shares or any class of shares may be applied in subscribing for securities of the Company or of a related body corporate. The directors may amend, suspend or terminate a dividend reinvestment plan implemented by them.

(d) **Winding-up**

If the Company is wound up, the liquidator may, with the sanction of a special resolution:

- (i) divide among the members the whole or any part of the property of the Company; and
- (ii) determine how the division is to be carried out as between the members or different classes of members.

A division under paragraph 6(d)(i) may be otherwise than in accordance with the legal rights of the members and, in particular, any class may be given preferential or special rights or may be excluded altogether or in part.

If any of the property to be divided under paragraph 6(d)(i) includes securities with a liability to calls, a person entitled under the division to any of the securities may within 10 days after the passing of the special resolution referred to in that rule, by notice in writing direct the liquidator to sell the person's proportion of the securities and to account for the net proceeds and the liquidator must, if practicable, act accordingly.

(e) **Shareholder liability**

As the Shares issued will be fully paid shares, they will not be subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(f) **Transfer of shares**

Generally, shares in the Company are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act and the ASX Listing Rules.

(g) **Future increase in capital**

Subject to restrictions on the issue or grant of securities contained in the ASX Listing Rules, ASX Settlement Operating Rules, the Constitution and the Corporations Act (and without affecting any special right previously conferred on the holder of an existing share or class of shares), the Directors have the right to issue shares or grant options over unissued shares to any person and they may do so at such times as they think fit and on the conditions they think fit.

Such shares may have preferred, deferred or other special rights or special restrictions about dividends, voting, return of capital, participation in the property of the Company on a winding up or otherwise, as the directors think fit.

(h) **Variation of rights**

The rights attached to any class of shares may, unless their terms of issue state otherwise, be varied:

- (i) with the written consent of the holders of 75% of the shares of the class; or
- (ii) by a special resolution passed at a separate meeting of the holders of shares of the class.

(i) **Alteration of constitution**

In accordance with the Corporations Act, the Constitution can only be amended by a special resolution passed by at least three quarters of Shareholders present and voting at the general meeting. In addition, at least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

7. COMPLIANCE WITH DISCLOSURE OBLIGATIONS

The Company is a “**disclosing entity**” under the Corporations Act and, as such, is subject to regular reporting and disclosure obligations under both the Corporations Act and the ASX Listing Rules.

These obligations require the Company to notify ASX of information about specific events and matters as they arise. In particular, the Company is obliged to continuously disclose to the market immediately any information which a reasonable person would expect to have a material effect on the price or the value of the Shares.

The Company is also required to prepare and lodge with ASIC yearly and half-yearly financial statements accompanied by a directors' statement and report, and an audit report or review. Copies of documents lodged with ASIC in relation to the Company may be obtained from, or inspected at, an ASIC office.

The Company will provide a copy of each of the following documents, free of charge, to any person on request:

- (a) the annual financial report most recently lodged by the Company with ASIC, being the financial report of the Company for the year ended 30 June 2017;
