NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. SIGNIFICANT ACCOUNTING POLICIES**Statement of compliance**

The interim financial report is a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001*, AASB 134 'Interim Financial Reporting', Accounting Interpretations and other pronouncements of the Australian Accounting Standards Board ("AASB"). Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

The condensed consolidated interim financial report does not include full disclosure of the type normally included in an annual financial report, and accordingly this report should be read in conjunction with the most recent annual financial report and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001* and the ASX listing rules.

Basis of preparation

The condensed consolidated financial statements have been prepared on the basis of historical cost. Cost is based on the fair values of the consideration given in exchange for assets. The consolidated entity, comprising Strategic Elements Limited, Strategic Minerals Pty Ltd, Australian Advanced Materials Pty Ltd and Maria Resources Pty Ltd (previously named APEC Ventures Pty Ltd) is domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise indicated.

The accounting policies and methods of computation adopted in the preparation of the interim financial report are consistent with those adopted and disclosed in the Company's financial report for the financial year ended 30 June 2015.

For the purpose of preparing the report, the half-year has been treated as a discrete reporting period.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries) (referred to as the consolidated entity in these financial statements). Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the consolidated entity.

In preparing the consolidated financial statements, all inter-company balances and transactions, income and expenses, profit and losses resulting from intra-group transactions have been eliminated in full.

Amendments to AASBs and the new Interpretations that are mandatory for the current reporting period

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current half-year.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. SIGNIFICANT ACCOUNTING POLICIES

Amendments to AASBs and the new Interpretations that are mandatory for the current reporting period (continued)

New and revised Standards and amendments thereof and Interpretations effective for the current half-year that are relevant to the Group include:

| New or revised requirement | When effective | Applicability to 31 December 2015 half years |
|---|--|--|
| AASB 2015-3 <i>Amendments to Australian Accounting Standards arising from the Withdrawal of AASB 1031 Materiality</i> Completes the withdrawal of references to AASB 1031 in all Australian Accounting Standards and Interpretations, allowing that Standard to effectively be withdrawn. | Applicable to annual reporting periods beginning on or after 1 July 2015 | Mandatory |

The application of these amendments does not have any material impact on the disclosures in the Group's condensed consolidated financial statements.

Exploration and evaluation

Exploration and evaluation costs, excluding the costs of acquiring licences (acquisition costs), are expensed as incurred. Acquisition costs will be assessed on a case by case basis and, if appropriate, they will be capitalised. These acquisition costs are only carried forward if the rights to tenure of the area of interest are current and either:

- They are expected to be recouped through successful development and exploitation of the area of interest; or
- The activities in the area of interest at the reporting date have not reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in, or in relation to, the area of interest are continuing.

Accumulated acquisition costs in relation to an abandoned area are written off in full against profit in the year in which the decision to abandon the area is made. The carrying values of acquisition costs are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

Significant Accounting Judgements and Key Estimates

The preparation of this interim financial report requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this interim financial report the significant judgements made by management in applying the consolidated entity's accounting policies and key sources of estimation uncertainty were the same as those that applied to the financial report for the year ended 30 June 2015.

The directors of the Company are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such controls as the directors determine are necessary to enable the preparation of the interim financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the interim financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and its performance for the period ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Strategic Elements Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Strategic Elements Limited, would be in the same terms if given to the directors as at the time of this auditor's report.
