Share Placement

- Thomson to issue 1,900,000 shares at 5c per share to private investors
- Funding will progress the Bygoo Tin discovery

Thomson Resources Ltd (ASX:TMZ) is pleased to announce that it has finalised a placement of new shares to several private investors for a total value of \$95,000.

The Placement comprises an issue of 1,900,000 ordinary shares at an issue price of 5 cents per share. The issue price represents a small discount to the volume weighted average price (5.2c) of Thomson Resources shares since the latest drilling results were released on 21 October. Attached is an Appendix 3B for the issue of the placement shares.

The purpose of the new funding is to progress the drilling at the Bygoo tin project where outstanding drill results including **35m at 2.1% Sn, 10m at 2.0% Sn and 13m at 1.0% Sn** have been returned from shallow depths in recent drilling (detailed in Thomson's quarterly report for September 2015). The new drilling will be targeted to establish the true width of these mineralised greisens and to extend the footprint of the mineralised zone.
