WestSide appoints Development Manager

WestSide Corporation Limited (ASX Code: WCL) is delighted to announce the appointment of Bryan O'Donnell as Development Manager. In this role Bryan's key focus will be to manage the forthcoming development of the Meridian gas field.

Bryan brings extensive upstream petroleum development expertise from over 28 years managing oil, gas and CSG developments for ExxonMobil, Oil Search, Arrow Energy and BHP Petroleum. Prior to joining the WestSide team, Bryan was the General Manager Surat Development for Arrow Energy where he was responsible for managing the Surat upstream LNG development, domestic gas projects and the LNG ramp gas strategy. Previously, Bryan was the Manager of Projects for Oil Search Limited where he managed successful safe delivery of more than \$US800 Million of oil & gas development projects. Bryan has an engineering degree from UNSW (BE Civil Hons 1).

Mr Hughes commented that Bryan brought to WestSide deep experience of CSG development in Queensland together with significant project management experience.

"Bryan has extensive CSG and project development experience which will significantly strengthen WestSide's existing skill set as we move forward with development of the Meridian field," Mr Hughes said.

WestSide is well advanced with its plans for development drilling which is expected to commence in the second quarter of this year and is also well advanced with gas sales negotiations targeting the significantly increased demand for gas in Queensland and Eastern Australia.

About WestSide Corporation Ltd

WestSide Corporation Limited is an ASX-listed company (ASX code: WCL) with gas production and significant uncontracted gas reserves and exploration interests in Queensland.

WestSide operates the Meridian SeamGas CSG fields west of Gladstone in Queensland's Bowen Basin. The Meridian gas fields comprise a range of CSG assets including a petroleum lease, gas rights in mining leases and gas compression and pipeline infrastructure connected to Queensland's commercial gas network. WestSide holds a 51% interest in the fields with Mitsui E&P Australia Pty Ltd holding the remaining 49%.

Elsewhere in the Bowen Basin, WestSide is currently operating an exploration and appraisal program at the ATP 769P (Paranui) and ATP 688P (Tilbrook and Mount Saint Martin) sites. WestSide holds a 25.5% interest in the tenements with Mitsui E&P Australia Pty Ltd, which has a 24.5 % interest in each, and QGC, which holds the other 50% in each case. WestSide also has a 51% operating interest in two Galilee Basin (Queensland) tenements (ATP 974P and ATP 978P) covering an area of over 13,280 sq km, with Mitsui E&P Australia Pty Ltd holding the remaining 49% in each.
