The 9th AsiaSolar Photovoltaic Industry Exhibition and Forum

Time: Dec. 4th-6th, 2014

Venue: Shanghai New International Expo Center (No.2345 Long Yang Road)

AsiaSolar: Innovation & Future

Hosted By

China Chamber of Commerce for Import and Export of Machinery and Electronic Products (CCCME)
Solar & Photovoltaic Products Branch
China Council for the Promotion of International Trade (CCPIT) Pudong Sub Council

Co-organized

- ◆ International Solar Energy Society (ISES)
- ◆ BSW
- ◆ EuPD Research
- ◆ Asian Development Bank (ADB)
- ◆ The Solar Energy Industries Association (SEIA)
- ◆ Australia New Energy Society (AUSES)
- ◆ Institute of Electrical Engineering, CAS

AsiaSolar Introduction

AsiaSolar Photovoltaic Industry Exhibition is organized by Shanghai Aiexpo, guided by NDRC, National Energy Administration, Ministry of Commerce and Ministry of Industry and Information Technology, co-organized by China Council For The Promotion Of International Trade(CCPIT), The China Chamber of Commerce for Import and Export of Machinery and Electronics Products(CCCME), China New Energy Chamber of Commerce(CNECC), International Solar Energy Society(ISES), Solar Energy Industries Association(SEIA), Australian Solar Energy Society(AuSES), BSW and Eupd, and also strongly supported by Asian Development Bank(ADB), French Energy Department, Italy Energy Commission, and related overseas government agencies in Canada, Mexico and so on.

Successfully being held for 8 times, AsiaSolar has attracted over 2,000 exhibitors, trade visitors up to 200,000. The concurrent AsiaSolar Photovoltaic Industry Forum successfully invited about 300 related governmental officials, industry experts to make speeches with topics referring to technology, market and policy.

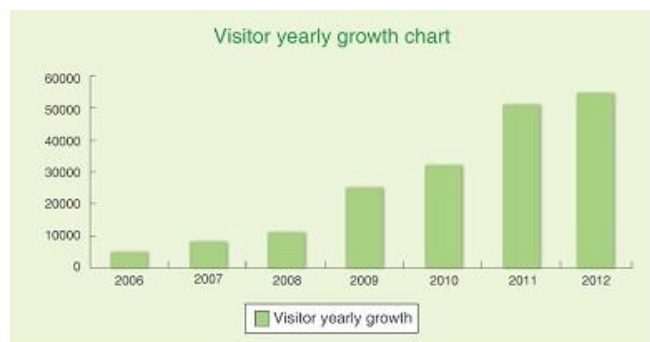

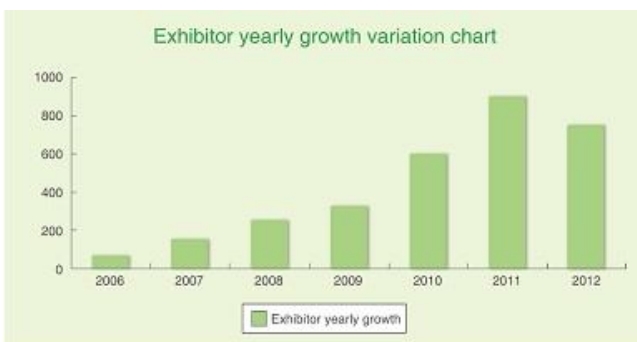

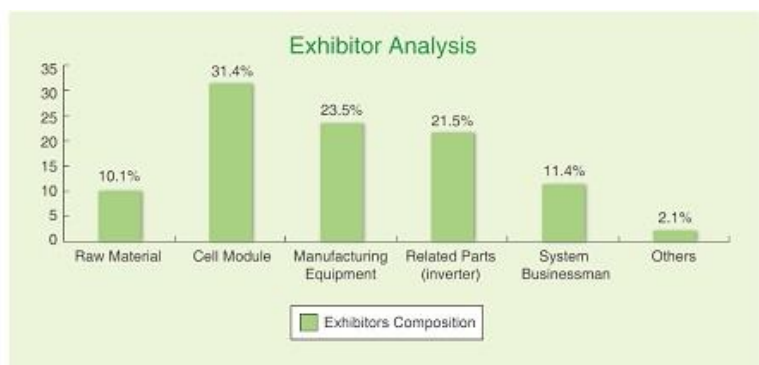

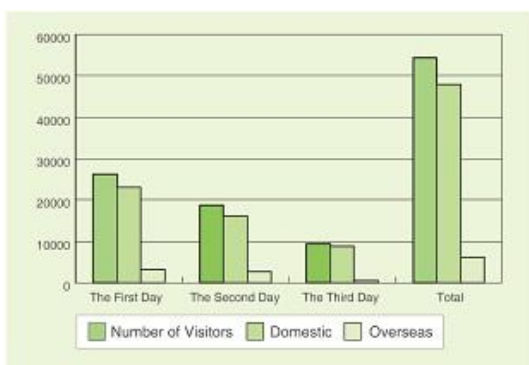

AsiaSolar has been considered as one of the world famous solar energy PV industry exhibitions and has made great contribution to the development of solar PV industry in China, Asia and even the world.

AsiaSolar will continue to keep an eye on the expansion of solar PV industry with global view, sharp vision, and always dedicate to provide enterprises with high-quality service and create more value for enterprises.

AsiaSolar 2013 Review

AsiaSolar 2013 brought together 756 exhibitors including many well-known enterprises at home and abroad such as Suntech, GCL POLY, LDK, Tianwei, Hi Tech Wealth, Tongwei, Canadian Solar, GIGA Solar, JingGong, TBEA, Sungrow, Almaden, Phoenix, Eopply, Boostsolar, Yiheng, JS Solar, Sky Solar, Zhongyi Solar, Global Photovoltaic, EMERSON, FirstSolar, Meyer Burge, Spire Corporation, EnerSys Inc, PV Crystalox Solar, Q-Cells, P.ENERGY, Array, Ascent Solar, SunEdison, Kyocera, Dynamic Energy, SolarCity, Monocrystal, KACO, Fronius, AEG PS, Vivint Solar, BOD Group, Lithuania, Juwi Shizen Energy, ReneSola, DEK Solar, MetLife, Aixtron SE, Renewable Energy Solutions, Toray, Iwasaki, MAG IAS, KUKA Systems GmbH, Komax Holding AG Many companies showcased the latest technologies and products, among which GCL Poly held new products release conference—GCL high performance wafers which attracted over 200 industrial elites to attend. Besides, The 8th AsiaSolar also attracted 54, 300 trade visitors from over 30 countries and areas to visit this exhibition.

Scope

Please book in advance to secure booth if you are suppliers of good reputation of below items

Solar Cell & Module: Crystal silicon cell module, thin film cell module, concentrated PV etc.

Manufacturing Equipment: Manufacturing equipment for silicon rods, ingots and wafers; solar PV cell and module manufacturing equipments; thin film manufacturing equipments; cleaning equipments; diffusion facilities; etching equipments; plasma enhanced chemical vapor deposition (PECVD) equipments; screen printing equipments; testing equipments; furnace equipments, etc.

Raw Materials: Silicon ore; silicon chips, wafers and ingots; glass encapsulation material; thin film encapsulation material; junction box; connector and other related raw materials.

Related Components: Accumulators; chargers; controllers; inverters; recording meters; monitors; mounting systems; tracking systems.

Solar PV Products: Solar PV street lamps, lawn lamps, garden lighting, lanterns, traffic signal lighting, traffic warning lights; solar PV information display screens; and solar PV products with various other applications.

Solar PV Engineering Services: Solar PV cells and modules installation, system integrators, solar PV system engineering, solar PV engineering design company, BIPV, distributed PV power generation system, etc.

Exhibitor Cost

Standard Booth: 9m² \$3,000(Both-side open, 20%extra added)

Includes: one table, two chairs, spot light, waste paper basket, panelling, carpet, fascia board, power source (220V/10kW), full cleaning and security services.

Open Space: \$300/m² (36m² Min.)
