Boardroom.media partners with East Coles for Corporate Performance Awards Night

Boardroom.media and East Coles recently entered a partnership affording Boardroom.media access to East Coles data. As a result of this partnership Boardroom.media will act as a media partner for the annual East Coles Awards Night.

For the first time ever this event will now be livestreamed to a global audience.

The 2017 [East Coles](#) / [Boardroom.media](#) Corporate Performance Awards Night will be held at the Ivy Ballroom on Thursday, 21 September. The incredibly talented electric violin artist [Jane Cho](#) will be performing on the night along with other entertainment. All proceeds from the event will go to Transplant Australia.

With performances spanning the globe from the Sydney Opera House to Wembley Arena, Jane Cho has played alongside artists from Michael Crawford to Mika and Snoop Dogg. Jane has also headlined world-class events for World Cup Racing, from Dubai through to London, and Australian Fashion Weeks.

This prestigious annual event is voted on by around 60 prominent fund manager organisations across Asia-Pacific and voting in the 2017 Awards will be closing down shortly.

Fund managers are able to vote now at <https://secure.eastcoles.com.au/votenow>.

2017 Top 10 Award nominees for Best Company, CEO, CFO, Board, Growth Prospects, Investment Desirability, ESG etc (not in ranked order) will be released throughout July & August in the lead-up to the Awards Night. Respondents will receive complimentary tickets to the Awards Night and incentive pricing from Boardroom.media.

The East Coles Corporate Performance Research asks analysts from both fund managers and brokerage houses to score the S&P/ASX200 stocks they cover across 25 performance categories. The scores are then averaged to create league tables in each category, then broken down into S&P/ASX100, S&P/ASX101-200 and GICS sectors.

The idea of the Research is to provide a feedback mechanism between the investment community and the S&P/ASX200 to ensure corporates are more finely attuned to investor sentiment. The Research provides an opportunity for investors to express their satisfaction or otherwise with the companies they cover and show their appreciation where they feel value has been added.
