## LAUNCH OF AIRPORT PICK UP AND MANAGEMycAR AT BRISBANE AIRPORT

---

Collaborate Corporation Limited (ASX:CL8) (**Collaborate** or the **Company**) is pleased to announce that its DriveMyCar business unit has signed an agreement with Gateway Airport Parking Pty Ltd to provide airport pick up and ManageMyCar services at Brisbane Airport.

Through this agreement DriveMyCar will provide Brisbane airport pick up options for rental cars at Gateway Airport Parking 24 hours a day, 365 days a year including a complimentary shuttle bus to and from the airport.

In addition, DriveMyCar will offer the ManageMyCar service at Brisbane Airport enabling vehicle owners to have rental of their vehicles managed on their behalf including rental handovers and storage between rentals. This will provide a full service model to vehicle owners who wish to earn income from their vehicle while they are not using it for extended periods including holidays and working overseas or interstate. The ManageMyCar service will also be utilised to manage vehicles provided by corporate fleets and to facilitate rideshare rentals for Uber drivers.

Promotion of the rental pick up and ManageMyCar services from Brisbane airport will commence in November through DriveMyCar marketing channels nationally.

This new agreement builds on the launch of airport pick up and ManageMyCar services with Busy Beaver Airport Parking at Melbourne Airport announced on 29 May 2018 and the existing services operating in Sydney.

Chris Noone, Collaborate CEO, said "This new relationship with Gateway Airport Parking provides a solid foundation for ongoing growth in vehicle supply and demand by offering a comprehensive rental and management service in the Brisbane market."

Adam Wilson, Sales Manager at Gateway Airport Parking, said "DriveMyCar have shown a keen eye for development in Sydney and Melbourne markets, with a very competitive product and strong relationships. We look forward to working together for the good people of Brisbane."
