DIRECTORS' REPORT

Your directors submit the interim financial report of the consolidated group consisting of Indoor Skydive Australia Group Limited ("the Company") and its controlled entities (the "Group") during the half-year ended 31 December 2014.

Directors

The following persons were directors who held office during the half-year and up to the date of this report, unless otherwise stated:

Stephen BAXTER

Kenneth James GILLESPIE, AC

Daniel Christopher HOGAN, MG

Wayne Peter JONES

David Victor MURRAY, AO

John Flower DIDDAMS (resigned 3 October 2014)

Alternative Director

Malcolm John THOMPSON

Company Secretary

Fiona Louise YIEND

Review of Operations

The principal activities of ISA Group during the half-year were to construct and operate indoor skydiving facilities. Construction continues to be a focus of the Company as additional sites are under development for Gold Coast, Perth and Adelaide. Site identification continues throughout Australia, New Zealand and Asia.

For the half-year ended 31 December 2014, ISA Group reported a loss before interest, tax, depreciation and amortisation of \$1,597,021 (2013: \$1,017,402) and a net loss after tax of \$1,994,676 (2013: \$1,165,014).

The half yearly results include fully costed head office expenses of \$3,099,850 which are in place to support the building and operation of multiple VWT's. Also included in the head office expenses are Share Based Payments of \$1,471,764 which are primarily performance related payments against milestones that have been achieved earlier than originally forecast. The Directors do not expect the Share Based Payment expense for the full year to exceed \$1.9 million.

The Penrith facility contributed an operating profit of \$1,269,093 on revenue of \$2,966,948 for the period.

The Balance Sheet remains in a sound financial position following the capital raise in November 2014 which raised \$14,453,746. After repaying the amount drawn on the Convertible Note facility, the Balance Sheet retains a strong cash position, which will be used to support future growth, and is materially free of debt. Deferred Revenue has grown in the period leading to Christmas and stands at \$1,515,807.

Events Subsequent to Balance Date

There are no significant events subsequent to Balance Date.

Interim Financial Report

Period ended 31 December 2014

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

These general purpose interim financial statements for the half-year reporting period ended 31 December 2014 have been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: Interim Financial Reporting. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Indoor Skydive Australia Group Ltd and its controlled entities (collectively referred to as the "Group"). This half-year financial report does not include all notes normally included in an annual financial report and it is recommended that it be read in conjunction with the Group's annual report for the year ended 30 June 2014 and with public announcements made by the Company during the period ended 31 December 2014 in accordance with the continuous disclosure requirements of the Corporations Act 2001 and the ASX.

The interim financial statements have been approved and authorised for issue by the Board of Directors on 17 February 2015.

b) Accounting policies

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements.

c) New and revised accounting requirements

For the half-year reporting period to 31 December 2014, a number of new and revised Accounting Standard requirements became mandatory for the first time, some of which are relevant to the Group.

The adoption of all the new and revised Standards and Interpretations has not resulted in any material changes to the consolidated entity's accounting policies and has no effect on the amounts reported for the current or prior half-years.

d) Critical Accounting Estimates and Judgements

i. Useful lives, residual values and classification of property, plant and equipment

There is a degree of judgement required in estimating the residual values and useful lives of the Property, Plant and Equipment. There is also a degree of judgement required in terms of the classification of such Property, Plant and Equipment. The Group's main assets comprise Vertical Wind Tunnel Equipment and related Building Infrastructure. The construction of these assets are foreseen in various Agreements to Lease with the Group's landlords, however the Board has exercised their judgement in determining that the nature of these assets are that of buildings and equipment, rather than leasehold improvements. To this extent, in determining the useful life of the property plant and equipment the directors considered the current and future expected lease conditions over the land that the VWT buildings and equipment are to be constructed on. The Board has estimated the useful life of the VWT Equipment to be 20 years, and its related Building Infrastructure to be 40 years. The directors have considered the residual value of the buildings and equipment at the expiration of the respective useful life and determined a residual value of zero is appropriate under the circumstances. The VWT buildings and equipment will be depreciated over their respective estimated useful life once completed.

ii. Provision for site restoration of VWT equipment and building infrastructure

Provisions for site restoration obligations are recognised when the group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Interim Financial Report

For the half year ended 31 December 2014

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont)

ii. Provision for site restoration of VWT equipment and building infrastructure (Cont)

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

As stated above, the lease agreement provides that the Group must remove all building works on expiry of the lease. To this extent, an estimate of the cost to remove the VWT and its related Building Infrastructure has been provided for amounting to \$2,224,701. The estimate to remove the equipment was based on current costs using existing technology at current prices. These costs were projected forward at a 2.5% inflationary escalation and then discounted back at 2.5% after consideration of the risks associated with the project and will be depreciated over 20 years. The unwinding of the effect of discounting on the site restoration provision is included within finance costs in the statement of comprehensive income. The initial amounts capitalised into the cost of the asset for site restoration were \$2,144,290 and these costs are being depreciated over 20 years.

iii. Deferred tax

The Group has commenced operations throughout the year, and is expecting to generate a taxable income in future. As it is considered probable that the unused tax losses will be recouped, the directors have recognised a deferred tax asset to the extent of the tax losses and deductible temporary differences.

e) Exclusive Territory Development Agreement Recognition and Amortisation

On 20 December 2013 an Exclusive Territory Development Agreement was entered into between the Company and iFly Australia Pty Ltd (iFly) to exclusively develop projects in Australia and New Zealand for which iFly would receive 2,500,000 shares in the company (ASX: IDZ). iFly is the Australian subsidiary of SkyVenture International, our vertical wind tunnel supplier. The agreement has created an intangible asset which is expected to create a future economic benefit. This intangible asset must be initially valued at cost, in accordance with AASB 138. The cost was calculated as \$1,500,000, being the fair value of the shares granted to iFly, at the IDZ close price of \$0.60 at 20 December 2013.

The term of the agreement is limited, and the asset is therefore classified as a finite life intangible asset. An intangible asset with a finite life is to be amortised over its useful life. The amortisation method selected should reflect the pattern over which the asset's future economic benefit is expected to be consumed. If that pattern cannot be determined reliably, the straight-line method is to be used. The amortisation period and method for an intangible asset with a finite useful life are to be reviewed at least at the end of each annual reporting period. If the expected useful life or expected pattern of consumption of the future economic benefit is different from previous estimates, the period or method is to be revised.

An accelerated amortisation rate of 40% has been used against this intangible asset. This reflects the expected consumption of benefits under the agreement. Although it is conceivable that the agreement could run to the full term of 20 years, management expect that the majority of the benefit will be achieved over the next four years through the delivery of the four tunnels for which deposits have been paid to SkyVenture International.

Interim Financial Report

For the half year ended 31 December 2014

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014

NOTE 2: CASH AND CASH EQUIVALENTS

DIRECTORS' DECLARATION

In accordance with a resolution of the directors of Indoor Skydive Australia Group Limited, the directors of the company declare that:

1. The financial statements and notes, as set out on pages 5 to 13 are in accordance with the *Corporations Act 2001*, including:
 - A. complying with Accounting Standard AASB 134: Interim Financial Reporting; and
 - B. giving a true and fair view of the consolidated entity's financial position as at 31 December 2014 and of its performance for the half-year ended on that date.
2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Kenneth James Gillespie, AC

Chairman

Dated: 17 February 2015

Wayne Peter Jones

Director & Chief Executive Officer

INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF
INDOOR SKYDIVE AUSTRALIA GROUP LIMITED

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Indoor Skydive Australia Group Limited which comprises the statement of financial position as at 31 December 2014, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2014 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Indoor Skydive Australia Group Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations act 2001*, which has been given to the directors of Indoor Skydive Australia Group Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Indoor Skydive Australia Group Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2014 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
