¹ Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Diversity Policy

The Company recognises that a diverse workforce, senior management and Board can enhance business performance and productivity and has implemented a diversity policy in support of these aims. The Company is committed to promoting an environment which is conducive to the appointment and development of well qualified employees, senior management and Board candidates and to the extent that it is consistent with the current size, nature and complexity of the organisation, to embracing diversity when determining the composition of employees, senior management and the Board. While embracing the concept of diversity, the Board is of the view that at this time, taking into account the size of the Company, it is inappropriate to establish measurable diversity objectives or targets and to tie diversity objectives to the Key Performance Indicators for the Board, MD and senior executives.

The table below discloses the proportion of men and women employed across the Company during the Year Ended 30 June 2018:

Performance Evaluation

Members of the Board have been brought together to provide a blend of qualifications, skills and experience required for managing a company operating within the mining industry. Due to the size and makeup of the Board, the board of directors has managed Board performance at Board meetings held during the year. The Board has considered that there is significant feedback provided by Board members on the performance of the Board. Accordingly, no formal performance evaluation was performed during the 2018 financial year.

The Board reviews the performance of the MD on an annual basis and establishes a set of key performance indicators which are considered with reference to the Company's strategy and the MD's individual responsibilities. The MD receives significant feedback on his performance progressively during the period and a performance review was conducted during the 2018 financial year. The MD is responsible for the review and monitoring of the performance of senior executives.

Nomination Committee

The Board considers that the Company is not currently of a size, nor are its affairs of such complexity, to justify the establishment of a nomination committee. All matters which might otherwise be delegated to committees are dealt with by the full Board. The Board Charter may be viewed at the Company's website at www.investres.com.au in the Corporate Governance section.

- Dr David Ransom (Chairman) – Independent Non-Executive Director (21 months)
- Mr Kevin Wilson - Independent Non-Executive Director (13 months)
- Mr Andrew McIlwain - Independent Non-Executive Director (4 months) and Acting Chief Executive Officer (2 months)

When determining whether a non-executive Director is independent, the Director must not fail any of the tests included in the Guidelines. The Board has considered the position of the Directors and consider that the non-executive Directors are "independent" as defined by the Guidelines.

The skills and qualifications of each of the Directors are set out in the Directors' Report which accompanies the financial statements. All Directors have considerable Board experience and their skills involve the fields of mineral exploration, mining, finance and law. The Board believes that the level of skill and experience possessed by individual Directors is appropriate for the company's size and complexity.

New Directors undergo an induction process in which they are given a full briefing on the Company and its operations. Where possible, this includes meetings with key staff, tours of premises and projects, provision of a due diligence package and presentations from Management.

In order to achieve continuing improvement in Board performance, all Directors are encouraged to undergo continual professional development.

Role of the Chairman

The Board Charter provides that the Chairman should be an independent director and should not hold the role of Chief Executive Officer.

The Chairman is responsible for leadership of the Board, for the efficient organisation and conduct of the Board's function, for the briefing of all Directors in relation to issues arising at Board meetings and for shareholder communication.
