

24 November 2021

Official Opening of NOVONIX Facility

NOVONIX Limited (ASX: NVX) (“NOVONIX” or the Company) advises that yesterday NOVONIX was joined by US Secretary of Energy Jennifer M. Granholm, along with federal, state and local officials, to celebrate the opening of our new facility in Chattanooga.

The new facility will produce the high purity and high consistency anode material required for long-life batteries, specifically for electric vehicles and similar storage applications.

NOVONIX Limited announced the acquisition of the Chattanooga facility in Tennessee, now known as NOVONIX Riverside Facility, on 23 June 2021.

This announcement was authorised by the Chairman, Tony Bellas.

About NOVONIX

NOVONIX Limited is an integrated developer and supplier of high-performance materials, equipment and services for the global lithium-ion battery industry with operations in the U.S. and Canada and sales in more than 14 countries. NOVONIX's mission is to enable a clean energy future by producing longer-life and lower-cost battery materials and technologies.

In August 2021, The Phillips 66 Company announced that it would acquire a 16% stake in NOVONIX, investing US\$150 million to help scale-up operations to 40,000 tpa of anode material production for the lithium-ion battery market.
