Explanatory Statement

This Explanatory Statement is intended to provide shareholders with sufficient information to assess the merits of the resolutions contained in the Notice of General Meeting. The Directors recommend that shareholders read this Explanatory Statement in full before making any decision in relation to the resolutions.

Resolution 1 Approval of issue of warrants under ASX Listing Rule 7.1

General

On 6 December 2021, the Company announced that it had signed a binding term sheet with Pure Asset Management Pty Ltd (ACN 616 178 771) in its capacity as trustee for The PURE Resources Fund (ABN 58 252 076 178) (**PURE**) to secure a \$10 million (2 tranches of \$5 million each) loan facility (**Loan Facility**) to form part of the funding of the initial capital requirements of the Vali Field over the next two years. Among other things, the Company advised that warrants for the amount of the loan funds provided by PURE will be issued to PURE, subject to shareholder approval.

Under Resolution 1, the Company is seeking shareholder approval of the proposed issue of up to 58,823,529 warrants pursuant to ASX Listing Rule 7.1 (**Warrants**).

ASX Listing Rule 7.1

Broadly speaking, subject to certain exceptions prescribed under the ASX Listing Rules, ASX Listing Rule 7.1 limits the number of securities that a company may issue without shareholder approval over any 12-month period to 15% of the total of the number of shares the company had on issue at the start of the 12 month period.

The issue of the Warrants contemplated by Resolution 1 does not fit within any of the exceptions in ASX Listing Rule 7.2 and exceeds the 15% limit in ASX Listing Rule 7.1. Accordingly, shareholders are being asked to approve the issue of the Warrants under ASX Listing Rule 7.1. The effect of this Resolution will be to allow the Company to issue the Warrants without using the Company's 15% placement capacity.

If the full \$10 million is drawn down under the Loan Facility, it will result in the issue of 58,823,529 Warrants. If all the Warrants are exercised without adjustment then that will result in the issue of 58,823,529 ordinary shares to PURE representing 7.88% of the Company's issued share capital on a fully diluted basis assuming no further equity issues occur prior to exercise.

If Resolution 1 is passed, it will permit the Company to proceed with the issue of the Warrants no later than 3 months after the date of the meeting (or such longer period as allowed by the ASX). In addition, the issue of the Warrants will be excluded from the calculation of the number of equity securities that the Company can issue without shareholder approval under ASX Listing Rule 7.1. If Resolution 1 is not passed, the Company:

- will be unable to proceed with the issue of the Warrants until such time as the Company has sufficient capacity under its placement capacity to issue the Warrants; and
- if the Warrants are not issued by 31 March 2022, the Company must pay to PURE the full economic value of the Warrants determined through a Black Scholes option pricing model (approximately \$1.15 million based on the Company's share price as at 21 January 2022 of \$0.086).

Summary of issue of Warrants under Resolution 1

For the purpose of ASX Listing Rule 7.3, the following information is provided:

- (a) the Warrants will be issued to PURE (or its nominee);
- (b) the maximum number of Warrants for which shareholder approval is being sought is 58,823,529 Warrants if the Loan Facility is fully drawn;
- (c) the Warrants will be issued no later than 3 months after the date of the meeting or such later date as permitted by the ASX. It is intended that all of the Warrants will be issued on the same date;
- (d) the Warrants will be issued for nil cash consideration, and in consideration for PURE making available the Loan Facility. The Company has not and will not receive any other consideration for the issue of the Warrants (other than in respect to the funds received on the exercise of the Warrants);
- (e) the purpose of the issue of the Warrants is to satisfy the Company's obligations under the Loan Facility;
- (f) a summary of the material terms of the Warrants is set out in Annexure 1 to this Notice; and
- (g) a voting exclusion statement is included in the Notice of General Meeting.

Directors' Recommendation

The Directors believe that the approval of the issue of the Warrants under ASX Listing Rule 7.1 is beneficial to the Company. The Directors unanimously recommend that shareholders vote in favour of Resolution 1. The Chair intends to vote undirected proxies in favour of Resolution 1.

Resolution 2 Ratification of previous issue of ordinary shares

General information

On 20 December 2021, the Company issued 100,000,000 ordinary shares (**Placement Shares**) to institutional and sophisticated/professional investors (**Placement**). The Placement Shares were issued without shareholder approval under the Company's 25% placement issue capacity, in accordance with Listing Rules 7.1 and 7.1A.

Under Resolution 2, the Company is seeking shareholder ratification on the issue of the Placement Shares pursuant to ASX Listing Rule 7.4. Such approval will refresh the Company's ability to issue that number of securities under its 25% placement capacity in the future.

ASX Listing Rule 7.4

Under Listing Rule 7.4, a company can seek ratification of issues of securities that have been made within the previous 12 month period if:

- the issue did not breach ASX Listing Rule 7.1; and
- shareholders subsequently approve such issue.

The effect of such ratification is that the issue of the Placement Shares is then deemed to have been made with Shareholder approval, and therefore is not counted towards the 15% and 10% limits. The approved securities are also included in the base number for calculating the Company's 15% and 10% limits, thereby increasing the number of equity securities the Company can issue without first having to obtain shareholder approval under Listing Rule 7.1.

The issue of the Placement Shares did not breach Listing Rule 7.1 or 7.1A and did not require shareholder approval. The Company now seeks shareholder approval to ratify the issue of the Placement Shares in accordance with Listing Rule 7.4. This will have the same effect as if Shareholder approval had been obtained before the Company issued the Placement Shares.

The effect of passing Resolution 2 will be to refresh the Company's 25% capacity under Listing Rules 7.1 and 7.1A so that its capacity would be the same as if the Placement Shares had been issued with Shareholder approval. The resolution, if passed, will increase the Company's financial flexibility in the future.

This will provide the Company with the ability to issue more securities in the future, e.g. a placement to sophisticated and/or professional investors, without seeking shareholder approval, if the Board considers that it is in the interests of the Company to do so.

If Resolution 2 is not passed by Shareholders, the Company would, when calculating the number of securities it can issue without Shareholder approval to go beyond the 25% limit, need to deduct the number of Placement Shares from the number available for any future issue.

Specific information required by ASX Listing Rule 7.5

ASX Listing Rule 7.5 requires the following information to be provided to shareholders for the purpose of obtaining shareholder approval under Listing Rule 7.4, including a summary of the material terms of the Placement Shares:

- (a) The Placement Shares were issued to institutional, sophisticated and/or professional investors, so no prospectus or other disclosure document was required to be prepared by the Company under the *Corporations Act 2001* (Cth). The Placement participants were existing contacts of the Company, clients of the joint lead managers, Taylor Collison Limited (ACN 008 172 450) and MST Financial Services Pty Limited (ABN 54 617 475 180) (**Joint Lead Managers**) and other parties, identified through a bookbuild process conducted by the Joint Lead Managers. None of the recipients of the Placement Shares are related parties of the Company (**Placement Recipients**);
- (b) The Placement Shares are fully paid ordinary shares in the capital of the Company and will rank equally with the existing Shares in the Company;
- (c) 100,000,000 Placement Shares were issued on 20 December 2021;

- (d) The Placement Shares were issued at a price of \$0.085 each for a total consideration of \$8,500,000 before costs;
- (e) The funds raised by the issue of the Placement Shares will be predominately used to fund exploration and appraisal activities, such as:
 - i) Odin-1 completion and tie in to the Vali-Bow/Beckler pipeline;
 - ii) exploration activities including 3D seismic and the drilling of two wells (one gas and one oil) in ATP 2021;
 - iii) drilling the Cervantes oil prospect in the Perth Basin, WA; and
 - iv) marketing and engineering studies related to the Nangwarry Field in the Otway Basin, SA;
- (f) The Placement Shares were not issued under an agreement but as a term of the Placement offer subscribed for by the Placement Recipients; and
- (g) A voting exclusion statement has been included in the Notice of General Meeting.

Directors' Recommendation

The Directors believe that the ratification of this issue of the Placement Shares and the refresh of the 25% capacity under ASX Listing Rules 7.1 and 7.1A is beneficial to the Company. The Directors unanimously recommend that shareholders vote in favour of Resolution 2. The Chair intends to vote undirected proxies in favour of Resolution 2.

ANNEXURE 1
