

## Key to Disclosures Corporate Governance Council Principles and Recommendations

K2 Energy Limited (the 'Company') recognises that in Australia the generally accepted guidance on what constitutes good corporate governance is set out in the ASX Corporate Governance Council's Corporate Governance Principles and Recommendation (4th Edition, February 2019). Therefore, the Company has elected to use the ASX Appendix 4G checklist in order to cross-reference the ASX Principles and Recommendations to the relevant disclosures in either our Corporate Governance Statement, our website or Annual Report.

### ANNEXURE – KEY TO CORPORATE GOVERNANCE DISCLOSURES

Corporate Governance Council recommendation	Where a box below is ticked, <sup>1</sup> we have followed the recommendation <u>in full</u> for the <u>whole</u> of the period above. We have disclosed this in our Corporate Governance Statement:	Where a box below is ticked, we have NOT followed the recommendation in full for the whole of the period above. Our reasons for not doing so are: <sup>2</sup>
<b>PRINCIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT</b>		
1.1	A listed entity should have and disclose a board charter setting out: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	<input checked="" type="checkbox"/> and we have disclosed a copy of our board charter at: <a href="http://www.k2energy.com.au/index.php/corporate/corporate-governance">http://www.k2energy.com.au/index.php/corporate/corporate-governance</a>
		<input type="checkbox"/> set out in our Corporate Governance Statement <b>OR</b> <input type="checkbox"/> we are an externally managed entity and this recommendation is therefore not applicable
1.2	A listed entity should: (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	<input checked="" type="checkbox"/>
		<input type="checkbox"/> set out in our Corporate Governance Statement <b>OR</b> <input type="checkbox"/> we are an externally managed entity and this recommendation is therefore not applicable

<sup>1</sup> Tick the box in this column only if you have followed the relevant recommendation in full for the whole of the period above. Where the recommendation has a disclosure obligation attached, you must insert the location where that disclosure has been made, where indicated by the line with "*insert location*" underneath. If the disclosure in question has been made in your corporate governance statement, you need only insert "our corporate governance statement". If the disclosure has been made in your annual report, you should insert the page number(s) of your annual report (eg "pages 10-12 of our annual report"). If the disclosure has been made on your website, you should insert the URL of the web page where the disclosure has been made or can be accessed (eg "www.entityname.com.au/corporate-governance/charters/").

<sup>2</sup> If you have followed all of the Council's recommendations in full for the whole of the period above, you can, if you wish, delete this column from the form and re-format it.

## **CORPORATE GOVERNANCE STATEMENT**

K2 Energy Limited (the 'Company') recognises that in Australia the generally accepted guidance on what constitutes good corporate governance is set out in the ASX Corporate Governance Council's Corporate Governance Principles and Recommendation (4th Edition, February 2019). Therefore, this Corporate Governance Statement of K2 Energy Limited (the 'Company') has been prepared in accordance with the 4<sup>th</sup> Edition of the Australian Securities Exchange's ('ASX') Corporate Governance Principles and Recommendations of the ASX Corporate Governance Council ('ASX Principles and Recommendations') and is included in the Company's Annual Report pursuant to NSX Listing Rules Section 11A 6.4, requiring the Company to disclose the extent to which it has followed the ASX Principles and Recommendations during the financial year, including reasons where the Company has not followed a recommendation and any related alternative governance practice adopted.

The Company has elected to use the ASX checklist, cross-referencing the ASX Principles and Recommendations to the relevant disclosures in either this statement, our website or Annual Report, and is contained on our website at <http://www.k2energy.com.au/index.php/corporate/corporate-governance>.

This Corporate Governance Statement and the Corporate Governance checklist have been lodged with the NSX. This statement has been approved by the Company's Board of Directors ('Board') and is current as at 31<sup>st</sup> August 2022.

The ASX Principles and Recommendations and the Company's response as to how and whether it follows those recommendations are set out below.

### **Principle 1: Lay solid foundations for management and oversight**

***Recommendation 1.1 - A listed entity should have and disclose a board charter setting out:***

- (a) the respective roles and responsibilities of its board and management; and***  
***(b) those matters expressly reserved to the board and those delegated to management.***

The Company recognises that corporate governance is fundamental to the effective operation of the Company. The Board is the pivotal element of corporate governance, and the Company desires its Board to be effective, independent, representative of stakeholders and valuable to the organisation.

The Board's role is to provide governance of the Company in the best interests of shareholders, having regard to the interests of all stakeholders of the Company. The specific responsibilities of the Board include:

- the overall corporate governance of the Company including its strategic direction, financial objectives, and overseeing (or supervision) of control and accountability systems;
- input into and approval of strategic plans and goal and performance objectives, key operational and financial matters, as well as major investment and divestment proposals;
- being accountable for the performance of the Company;
- providing leadership and setting the strategic objectives of the Company;
- appointing the Chair and/or the "senior independent director";
- appointing, and when necessary replacing, the Chairman and other senior executives including the Company Secretary;
- assessing the performance of and overseeing succession plans for senior executives;
- approving the nominations of Directors to the Board;
- overseeing management's implementation of the Company's strategic objectives;
- approving operating budgets and major capital expenditure;
- overseeing the integrity of the Company's accounting and corporate reporting systems, including the external audit;
- overseeing the Company's process for making timely and balanced disclosure of all material information concerning the Company that a reasonable person would expect to have a material effect on the price or value of the Company's securities;
- ensuring that the Company has in place an appropriate risk management framework (for both financial and non-financial risks) and setting the risk parameters within which the Board expects management to operate;
- satisfying itself that an appropriate framework exists for relevant information to be reported by management to the board;
- when required, challenging management and holding it to account;
- approving the Company's remuneration framework and satisfying itself that the entity's remuneration policies are aligned with the entity's purpose, values, strategic objectives and risk appetite;

- monitoring the effectiveness of the Company's governance practices;
- reporting to and communications with shareholders;
- the approval of the annual and half yearly financial report; and
- monitoring the performance of the Company.

The Board has delegated the day-to-day management of the Company to the Chairman and other officers of the Company. The Company has no executive management. The Chairman and officers are currently responsible for the following:

- implementing the strategic objectives set by the Board;
- operating within the risk parameters set by the Board;
- operational and business management of the Company;
- managing the Company's reputation and operating performance in accordance parameters set by the Board;
- day-to-day running of the Company;
- providing the Board with accurate, timely and clear information to enable the Board to perform its responsibilities; and
- approving capital expenditure (except acquisitions) within delegated authority levels.
- the Board charter sets out the roles and responsibilities of the chair of the Board. The chair is responsible for leading the Board, facilitating the effective contribution of all directors and promoting constructive and respectful relations between directors and between the Board and management. The chair is also responsible for approving Board agendas and ensuring that adequate time is available for discussion of all agenda items, including strategic issues.
- Directors may seek independent professional advice at the expense of the Company, should they consider it necessary to enable them to discharge their responsibilities as directors.
- the Board regularly reviews the division of functions between the Board and management to ensure it meets the needs of the Company.

***Recommendation 1.2 - A listed entity should:***

- (a) undertake appropriate checks before appointing a person, a director or senior executive, or putting someone forward to security holders as a candidate for election, as a director; and***
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.***

Before appointing a director or senior executive, or putting forward to shareholders a director for appointment, the Company undertakes comprehensive reference checks. Directors are required to declare each year that they have not been disqualified from holding the office of director by the Australian Securities and Investments Commission ('ASIC').

An election of directors is held each year. A director that has been appointed during the year must stand for election at the next Annual General Meeting ('AGM'). Directors are generally appointed for a term of three years. Retiring directors are not automatically re-appointed.

Newly appointed directors must stand for re-election at the next Annual General Meeting in accordance with clause 16 of the Constitution.

Non-executive directors retire by rotation in accordance with clause 16 of the Constitution.

The Company provides to shareholders for their consideration information about each candidate standing for election or re-election as a director that the Board considers necessary for shareholders to make a fully informed decision. Such information includes the person's biography, which include experience and qualifications, details of other directorships, adverse information about the person that the Board is aware of including material that may affect the person's ability to act independently on matters before the Board, and whether the Board supports the appointment or re-election.

***Recommendation 1.3 - A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.***

The terms of the appointment of a non-executive director are set out in writing where appropriate and cover matters such as the terms of appointment, time commitment envisaged, required committee work and other special duties, requirements to disclose their relevant interests which may affect independence, corporate policies and procedures, indemnities, and remuneration entitlements.

Senior executives are issued with service contracts which detail the above matters as well as the person or body to whom they report, the circumstances in which their service may be terminated (with or without notice), and any entitlements upon termination.

***Recommendation 1.4 - The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.***

The Company Secretary reports directly to the Board through the Chairman and is accessible to all directors. The Company Secretary's role, in respect of matters relating to the proper functioning of the Board, includes:

- advising the Board and its Committees on governance matters;
- monitoring compliance of the Board and associated committees with policies and procedures;
- coordinating all Board business;
- retaining independent professional advisors;
- ensuring that the business at Board and committee meetings is accurately minuted; and
- assisting with the induction and development of directors.

***Recommendation 1.5 - A listed entity should:***

- (a) have and disclose a diversity policy;***
- (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and***
- (c) disclose in relation to each reporting period:***
  - (1) the measurable objectives set for that period to achieve gender diversity;***
  - (2) the entity's progress towards achieving those objectives;***
  - (3) either:***
    - (1) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or***
    - (2) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.***

K2 Energy embraces diversity. K2 Energy recognises and values the diverse blend of skills, experiences and perspectives from individuals, irrespective of culture, gender or age. K2 Energy does not consider diversity just in a metric capacity and hence measurable objectives may be subjective depending upon the specific circumstance.

K2 Energy regularly reviews policies to ensure that the Company is compliant with the ASX Diversity Recommendations.

The Company has a diversity policy which requires the Board to set measurable objectives for achieving gender diversity and to assess the objectives and the Company's progress towards achieving them on an annual basis.

The policy aims to provide a work environment where employees have equal access to career opportunities, training and benefits. It also aims to ensure that employees are treated with fairness and respect, and are not judged by unlawful or irrelevant reference to gender, age, ethnicity, race, cultural background, disability, religion, sexual orientation or caring responsibilities. This commitment enables the Company to attract and retain employees with the best skills and abilities.

Each year the K2 Energy's Annual Report will contain organisation-wide gender statistics. K2 Energy's objective is to ensure that each year its diversity statistics are equal to or an improvement on those of the previous year. A copy of the Diversity Policy is available on K2 Energy's website.

The Board reviews its composition and assesses nominations for new appointments from time to time to ensure the Board benefits from diversity with regard to gender, skills and experience.

The respective proportions of women and men in the Company including its subsidiaries ('consolidated entity') as at 30 June 2022 are as follows:

The Board of K2 Energy Limited comprises 2 men and 1 woman and K2 Energy currently has no employees. Thus, the following proportions were applicable as at 30 June 2022: of women on the board to men - one to two.

For this purpose, the Board defines a senior executive as a person who makes, or participates in the making of, decisions that affect the whole or a substantial part of the business or has the capacity to affect significantly the Company's financial standing. This therefore includes all senior management and senior executive designated positions as well as senior specialised professionals.

As no entity within the consolidated entity is a 'relevant employer' for the purposes of the Workplace Gender Equality Act 2012 on the basis that no entity employs 100 or more employees in Australia, there are no Gender Equality Indicators to be disclosed.

**Recommendation 1.6 - A listed entity should:**

- (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and**
- (b) disclose for each reporting period, whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.**

The Board reviews its performance annually, as well as the performance of individual Committees and individual directors (including the performance of the Chairman as Chairman of the Board). The use of an external facilitator may be utilised periodically to assist in the review process.

The review for the current financial year occurred on 25<sup>th</sup> May 2022 and was led by the Chairman.

The process included collective Board discussions to capture observations for where improvements could be made and where processes worked well, individual interviews with each director conducted by the Chairman.

The review of the Chairman's role was conducted by the Chair of the Audit Committee.

**Recommendation 1.7 - A listed entity should:**

- (a) have and disclose a process for periodically evaluating the performance of its senior executives at least once every reporting period; and**
- (b) disclose for each reporting period whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.**

The Company currently does not have any senior executives. The Chairman would normally undertake assessments of senior executives against agreed performance measures determined at the start of the year. In assessing the performance of the individual, the review includes consideration of the senior executive's function, individual targets, group targets, and the overall performance of the Company.

The Chairman would normally provide a report to the Board on the performance of senior executives together with remuneration recommendations which must be approved by the Board after consultation with the Remuneration Committee.

## **Principle 2: Structure the board to be effective and add value**

**Recommendation 2.1 - The board of a listed entity should:**

- (a) have a nomination committee which:**
  - (1) has at least three members, a majority of whom are independent directors; and**
  - (2) is chaired by an independent director,****and disclose:**
  - (3) the charter of the committee;**
  - (4) the members of the committee; and**
  - (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or**
- (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.**

The Board does not have a specific Nomination Committee but has a Remuneration Committee, which consists of the entire Board, that monitors succession issues and ensures the Board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively. This format is deemed appropriate given the Company's size and structure.

The Board:

- Assesses the skills and competencies required on the Board, from time to time assessing the extent to which the required skills are represented on the Board;
- Reviews of the performance of individual directors and the Board as a whole;
- Encourages and support Directors' professional development to enhance Director competencies;
- Ensures the identification of suitable candidates for appointment to the Board when required;
- Considers Board succession plans to maintain an appropriate balance of skills, experience and expertise on the Board;
- Considers recommendations for the appointment and removal of Directors;

- Approve remuneration strategy and policies for senior management and selected packaged employees as well as the individual remuneration arrangements and terms of employment for positions/individuals who are direct reports to the Chief Executive Officer (or similar), ensuring that remuneration policies are not only effective, but that they are also reported and explained to shareholders;
- Review the Company's Diversity policies and ensuring compliance with the ASX Diversity Recommendations.

***Recommendation 2.2 - A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.***

The Board's skills matrix indicates the mix of skills, experience and expertise that are considered necessary at Board level for optimal performance of the Board. It is therefore used when recruiting new directors and assessing which skills need to be outsourced based on the attributes of the current Board members. The existence of each attribute is assessed by the Board as either, High, Medium or Low.

<b>Skill category</b>	<b>Description of attributes required</b>	<b>Level of importance</b>	<b>Existence in current Board</b>
Risk and compliance	Identification of key risks to the Company related to each key area of operations. Monitoring of risks, satisfy compliance issues and knowledge of legal and regulatory requirements.	Medium	Medium
Financial and audit	Analysis and interpretation of accounting and finance issues including assessment and resolution of audit and financial reporting risks, contribution to budgeting and financial management of projects and Company, assessing and supervising capital management.	Medium	Medium
Strategic	Development of strategies to achieve business objectives, oversee implementation and maintenance of strategies, and identification and critical assessment of strategic opportunities and threats to the Company.	Medium	Medium
Operating policies	Key issue identification representing operational and reputational risks and development of policy responses and parameters within which the Company should operate.	Medium	Medium
Information technology	Knowledge of IT governance including privacy, data management and security.	Low	Low
Executive management	Performance assessments of senior executives, succession planning for key executives, setting of key performance hurdles, experience in industrial relations and organisational change management programmes.	Medium	Medium
Age and gender	Board aims for equal gender representation and range of experienced individuals to contribute towards better Board outcomes.	Medium	Medium

The Board currently believes that its membership adequately represents the required skills as set out in the matrix. External consultants may be brought in with specialist knowledge to address areas where this is an attribute deficiency in the Board.

In addition to the specific areas that are required at Board level identified the matrix above, all members of the Board are assessed for the following attributes before they are considered an appropriate candidate.

**Board Member Attributes**

Leadership	Represents the Company positively amongst stakeholders and external parties; decisively acts ensuring that all pertinent facts considered; leads others to action; proactive solution seeker
Ethics and integrity	Awareness of social, professional and legal responsibilities at individual, Company and community level; ability to identify independence conflicts; applies sound professional judgement; identifies when external counsel should be sought; upholds Board confidentiality; respectful in every situation.
Communication	Effective in working within defined corporate communications policies; makes constructive and precise contribution to the Board both verbally and in written form; an effective communicator with executives.
Negotiation	Negotiation skills which engender stakeholder support for implementing Board decisions.
Corporate governance	Experienced director that is familiar with the mechanisms, controls and channels to deliver effective governance and manage risks

**Recommendation 2.3 - A listed entity should disclose:**

- (a) the names of the directors considered by the Board to be independent directors;**
- (b) if a director has an interest, position, association or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and**
- (c) the length of service of each director.**

The skills, experience and expertise relevant to the position of each director who is in office at the date of the Annual Report and their term of office are detailed in the director's report.

The Board assesses annually in June each year and at any time when a change occurs that may affect a director's independence, the independence of each director to ensure that those designated as independent do not have any alliance to the interests of management, substantial shareholders or other relevant stakeholders. They must be free of any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect, their capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company and its security holders generally.

An independent director is independent of management and free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgement.

In assessing the independence of each director, the Board takes into consideration whether the director's shareholding in the Company, relationships with suppliers, customers and competitors, or tenure as a director of the Company would materially affect the director's ability to exercise unfettered and independent judgement in the interests of the Company's shareholders.

Non-executive directors must formally advise the Chairman of any relevant information, and update the Chairman if their circumstances change at any time.

Independent directors have the right to seek independent professional advice at the Company's expense in the furtherance of their duties as directors. Written approval must be obtained from the Chairman prior to incurring any expense on behalf of the Company.

Details of the Board of directors, their appointment dated, length of service as independence status is as follows:

<b>Director's name</b>	<b>Appointment date</b>	<b>Length of service at reporting date</b>	<b>Independence status</b>
Samuel Gazal	23 May 2007	15 years	Non-independent Non-Executive
Robert Gaunt	23 May 2007	15 years	Independent Non-Executive
Ellie Dawkins	9 October 2017	4 years	Independent Non-Executive

The Board may determine that a director is independent notwithstanding the existence of an interest, position, association or relationship of the kind identified in the examples listed under Recommendation 2.3 of the ASX Principles and Recommendations.

Details of directors that the Board has declared as independent but which maintain an interest or relationship that could be perceived as impairing independence, and the reason as to the Board's determination are as follows:

<b>Director's Name</b>	<b>Details of interest or relationship</b>	<b>Board reasoning why director is independent</b>
Samuel Gazal	An entity associated with Samuel holds 17,966,667 shares and no options	Entities associated with Samuel hold shares in the Company. This holding aligns the interests of the director with those of the shareholders and is encouraged by the Company. These entities do not, nor does Samuel, trade in the shares.
Robert Gaunt	An entity associated with Robert holds 12,999,260 shares and no options	Entities associated with Robert hold shares in the Company. This holding aligns the interests of the director with those of the shareholders and is encouraged by the Company. These entities do not, nor does Robert, trade in the shares.
Ellie Dawkins	No entities associated with Ellie hold any shares or options	

As part of its independence assessment, the Board considers the length of time that the director has been on the Board. The Board concludes that no non-executive director has been on the Board for a period which could be seen to compromise their independence. Although that period is generally considered to be in excess of 10 years. Being on the Board for a period in excess of 10 years does not however constitute an automatic deeming of non-independence. The Company does not consider length of tenure as disqualifying criteria for independence and in the case of Messrs Gazal and Gaunt, who have served for longer than 10 years, the Board considers their length of tenure provides the Board with a deep understanding of the Company and its business.

Where it is determined that a non-executive director should no longer be considered independent, the Company shall make an announcement to the market.

***Recommendation 2.4 - A majority of the board of a listed entity should be independent directors.***

Having regard to the response to Recommendation 2.3 above, Mr Gaunt and Mrs Dawkins are independent. The ASX's Corporate Governance Principles and Recommendations outline factors relevant to assessing the independence of a director. One such factor that might cause doubts about the independence includes "if the director is a substantial security holder of the entity or an officer of, or otherwise associated with, a substantial security holder of the entity". During the year Mr Gazal was a director of a company which was a substantial shareholder in the Company. The Board is of the opinion that Mr Gazal is however independent from management, act in the best interests of the Company and that his shareholding closely aligns his interests with those of all shareholders.

***Recommendation 2.5 - The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.***

The Chairman and Chief Executive Officer roles are to be held by different persons.

Mr Gazal holds the position of Chairman. Mr Gazal has been considered not to be an independent director by virtue of him being the director of a company which is a substantial shareholder in the Company. The Board is of the opinion that Mr Gazal is however independent from management, acts in the best interests of the Company and that his shareholding closely align his interests with those of all shareholders, notwithstanding that pursuant to the ASX recommendation he was not considered 'independent'.

The Board regularly assesses the independence of each Non-Executive Director.

The company currently has no Chief Executive Officer.

***Recommendation 2.6 - A listed entity should have a program for inducting new directors and for periodically reviewing whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively..***

The Board reviews its composition and assesses nominations for new appointments from time to time to ensure the Board benefits from diversity with regard to gender, skills and experience.

New directors are inducted by the Chairman and the Company Secretary on behalf of the Remuneration Committee. The induction includes strategy briefings, explanations of Company policies and procedures, governance frameworks, cultures and values, company history, director and executive profiles and other pertinent company information to enable them to discharge their director obligations as effectively as possible.

### **Principle 3: Instil a culture of acting lawfully, ethically and responsibly**

***Recommendation 3.1 - A listed entity should articulate and disclose its values.***

The Company's values are articulated and disclosed on the Company's website.

***Recommendation 3.2 - A listed entity should:***

- (a) have and disclose a code of conduct for its directors, senior executives and employees; and***
- (b) ensure that the board or a committee of the board is informed of any material breaches of that code.***

The Company maintains a code of conduct for its directors, senior executives and employees. In summary, the code requires the following of each relevant person:

- act honestly, in good faith and in the best interests of the Company as a whole;
- exercise a duty to use care and diligence in fulfilling the functions of office or position and exercising the powers attached to that office or position;
- use the powers of office for a proper purpose and in the best interests of the Company as a whole;
- recognise that the primary responsibility is to the Company as a whole but may, where appropriate, have regard for the interest of other stakeholders of the Company;
- not to make improper use of information acquired as a director or employee;
- not take improper advantage of their position as a member of the Board or employee;
- properly manage and declare any conflict of interest with the Company;
- directors to be independent in judgement and actions and to take all reasonable steps to be satisfied as to the soundness of all decisions taken by the Board;
- confidential information received in the course of the exercise of their duties remains the property of the Company and, unless appropriate authority granted, it is improper to disclose it, or allow it to be disclosed;
- not to engage in conduct likely to affect the reputation of Company;
- to comply with the spirit, as well as the letter, of the law and with the principles of this Code; and
- report breaches of the Code to the Company Secretary and/or the CEO.

The Code is reviewed periodically to ensure it is operating effectively and whether any changes are required.

The code is available on the Company's website.

**Recommendation 3.3 - A listed entity should:**

- (a) have and disclose a whistleblower policy; and ensure that the board or a committee of the board is informed of any material incidents reported under that policy.**

The board has adopted a Whistleblower Policy which is available on the Company's website. The Policy is designed to ensure that honesty and integrity is maintained throughout the Company. In summary, the Policy:

- encourages employees to disclose any malpractice, misconduct or conflicts of interest of which they become aware;
- provides protection for employees who report allegations of such malpractice, misconduct or conflicts of interest; and
- ensures that all allegations are thoroughly investigated with suitable action taken, where necessary.

The board or a committee of the board should be informed of material incidents under the Whistleblower Policy. The Policy is reviewed periodically to ensure it is operating effectively and whether any changes are required to the Policy.

**Recommendation 3.4 - A listed entity should:**

- (a) have and disclose an anti-bribery and corruption policy; and**  
**(b) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.**

The Board has adopted an Anti-Bribery and Corruption Policy which can be found on the Company's website. The Policy establishes controls to ensure compliance by the Company with all applicable anti-bribery and corruption laws and to ensure that the Company conducts its business with honesty and integrity and in a socially responsible manner. The Policy sets out the Company's requirements regarding the management of gifts and benefits and sets out the consequences of a breach of the Policy.

The board or a committee of the board should be informed of material incidents under the Policy. The Policy is reviewed periodically to ensure it is operating effectively and whether any changes are required to the Policy.

**Principle 4: Safeguard the integrity of corporate reports**

**Recommendation 4.1 - The board of a listed entity should:**

- (a) have an audit committee which:**
- (1) has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and**
  - (2) is chaired by an independent director, who is not the chair of the board, and disclose:**
    - (3) the charter of the committee;**
    - (4) the relevant qualifications and experience of the members of the committee; and**
    - (5) in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or**
- (b) if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.**

The Board maintains an Audit Committee, the members of which are:-

<b>Director's Name</b>	<b>Executive Status</b>	<b>Independence Status</b>
Samuel Gazal	Non-Executive	Non-independent Non-Executive
Robert Gaunt	Non-Executive (Chairman of Audit Committee)	Independent Non-Executive

The Chair of the Audit Committee is independent, thereby satisfying this Recommendation, however given the size of the Company, the Committee has two members which is considered adequate. During the year Mr Gazal has been considered not to be an independent director by virtue of him being the director of a company which is a substantial shareholder in the Company. The Board is of the opinion that Mr Gazal is however independent from management, acts in the best interests of the Company and that his shareholding closely align his interests with those of all shareholders, notwithstanding that pursuant to the ASX recommendation he was not considered 'independent'. For these reasons the ASX recommendation for a majority of independent directors has not been adopted for the full year. Given the size of the Company and its Board, it is considered reasonable that the AC consists of two members.

Details of the qualifications and experience of the members of the Committee are detailed in the Directors' report of the Annual Report.

The Charter of the Committee is available at the Company's website. It provides details in relation to its role, confers on it all necessary powers to perform that role, and explains how the Committee achieves its main objectives, which are to carry out the following functions:

- review and monitor the integrity of Annual Report including the financial statements;
- to review and assess the Company's accounting policies, and determine in consultation with the Chief Financial Officer if any changes to policy should be enacted;
- review and oversee systems of risk management, internal control and legal compliance;
- review the adequacy of the corporate reporting processes;
- oversee the process for identifying significant risks facing the Company and implementing appropriate and adequate control, monitoring and reporting mechanisms;
- liaise with and monitor the performance and independence of the external auditor; and
- to make recommendations to the Board for the appointment, reappointment or replacement and remuneration of an appropriate independent external auditor.

The number of Committee meetings held and attended by each member is disclosed in the Directors' report of the Annual Report.

***Recommendation 4.2 - The board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.***

In relation to the financial statements for the financial year ended 30 June 2022 and the half-year ended 31 December 2021, the Company's Chairman and CFO have provided the Board with declarations, that in their opinion:

- the financial records of the Company have been properly maintained;
- the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company; and
- has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

***Recommendation 4.3 - A listed entity should disclose its process to verify the integrity of any periodic report it releases to the market that is not audited or reviewed by an external auditor.***

The Company's periodic reports to NSX will be managed in accordance with the following procedure:

- (a) the Company Secretary reviews and assesses the information requiring disclosure and will provide the draft announcement or reports to the Board for approval;
- (b) the Board reviews all draft announcements or reports for approval to ensure their integrity prior to their approval and release to the NSX.

## **Principle 5: Make timely and balanced disclosure**

### ***Recommendation 5.1 - A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under NSX listing rule 6.4;***

NSX Listing Rule 6.4 requires a listed entity, subject to certain exceptions, to disclose to NSX immediately any information concerning it that a reasonable person would expect to have a material effect on the price or value of its securities. The Company is committed to providing the market with complete and timely information about disclosure events in compliance with its continuous disclosure obligations and the Corporations Act 2001.

The Company maintains a written policy that outlines the responsibilities relating to the directors, officers and employees in complying with the Company's disclosure obligations. Where any such person is of any doubt as to whether they possess information that could be classified as market sensitive, they are required to notify the Company Secretary immediately, in the first instance, so that appropriate analysis and internal consultation can be conducted. Legal advice may also be sought internally or from the Company's external counsel.

In the event that any Director or member of management becomes aware of any fact or circumstance which may give rise to a requirement to disclose such information under the Listing Rules, they are required to immediately inform either the Company Secretary, the CEO, the CFO or the Chairman.

The Company Secretary is required to consult with the Chairman in relation to matters brought to his or her attention for potential announcement. Where the Chairman is not contactable, the Company Secretary may decide whether an announcement is made, or whether a trading halt is warranted.

Generally, the Chairman is ultimately responsible for decisions relating to the making of market announcements. The Company Secretary is responsible for ensuring that the Board is aware of items of business that could result in an announcement. The Board is required to authorise announcements of significance to the Company.

The Company Secretary is responsible for advising when announcements are not required due to either circumstances such as where the information relates to matters of supposition or is insufficiently definite, it concerns an incomplete proposal or negotiation, the information is confidential or would represent a breach of law if disclosed, and where a reasonable person would not expect the disclosure of the information.

Where announcements are made to the market through the NSX, such announcements are pre-vetted by the CFO, Chairman and Board of Directors to ensure that such statements are:

- factual;
- do not omit material information; and
- expressed in a clear and objective manner.

No member of the Company shall disclose market sensitive information to any person unless they have received acknowledgement from the NSX that the information has been released to the market.

### ***Recommendation 5.2 - A listed entity should ensure that its board receives copies of all material announcements promptly after they have been made.***

The Company Secretary is responsible for ensuring that the Board receives copies of all material announcements prior to their release to the market.

### ***Recommendation 5.3 - A listed entity that gives a new and substantive investor or analyst presentation should release a copy of the presentation materials on the NSX Market Announcements Platform ahead of the presentation.***

The Company Secretary is responsible for ensuring that any new or substantive investor or analyst presentation is released to the market prior to the presentation.

## **Principle 6: Respect the rights of security holders**

***Recommendation 6.1 - A listed entity should provide information about itself and its governance to investors via its website.***

The Company strives to convey to its shareholders and the investing public pertinent information in a detailed, regular, factual and timely manner. Information is communicated to shareholders through the Annual Financial Report, disclosures to the NSX, notices and explanatory memoranda of Annual General Meetings; and K2 Energy's website at [www.k2energy.com.au](http://www.k2energy.com.au).

The Company maintains information in relation to governance documents, directors and senior executives, Board and committee charters, annual reports, NSX announcements and contact details on the Company's website.

### ***Recommendations 6.2 and 6.3***

***A listed entity should have an investor relations program that facilitates effective two-way communication with investors (6.2).***

***A listed entity should disclose how it facilitates and encourages participation at meetings of security holders (6.3).***

In order for the investors to gain a greater understanding of the Company's business, governance practices, financial performance and future prospects, the Company provides at least monthly net asset statements and quarterly updates on the Company's operations to the NSX.

Meetings and discussions with analysts and shareholders must be approved by the Chairman and are generally conducted by the Chairman. The discussions are restricted to explanations of information already within the market or which deal with non-price sensitive information.

The Company encourages shareholders to attend the Company's AGM.

***Recommendation 6.4 - A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than on a show of hands.***

The Chairman of any meeting of shareholders will ensure that all substantive resolutions are decided by a poll rather than on a show of hands.

***Recommendation 6.5 - A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.***

The Company engages its share registry to manage the majority of communications with shareholders. Shareholders are encouraged to receive correspondence from the Company electronically, thereby facilitating a more effective, efficient and environmentally friendly communication mechanism with shareholders. Shareholders not already receiving information electronically can elect to do so through the share registry, Boardroom Pty Limited at <http://www.boardroomlimited.com.au/>.

## **Principle 7: Recognise and manage risk**

### **Recommendations 7.1 and 7.2**

**The board of a listed entity should:**

**(a) have a committee or committees to oversee risk, each of which:**

**(1) has at least three members, a majority of whom are independent directors; and**

**(2) is chaired by an independent director,**

**and disclose:**

**(3) the charter of the committee;**

**(4) the members of the committee; and**

**(5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or**

**(b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework (7.1).**

**The Board or a committee of the Board should: (a) review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and (b) disclose, in relation to each reporting period, whether such a review has taken place (7.2).**

The Board is committed to the senior executives and management are expected to practise sensible risk management in the day-to-day performance of their duties and are required to escalate any material issues, which arise or have the potential to arise. The Chairman has the primary responsibility to advise the Board of material risk items, which arise and together the Board and senior management are responsible for taking all reasonable steps to address and mitigate such risk items.

The Board does not have a Risk Committee as all members of the Board, in conjunction with senior management, monitor risks for the Company, which is deemed appropriate given the Company's size and structure.

Risks which may be considered by the Board include those that may:

- impede the Company from achieving its goals and objectives;
- impact on the Company's performance;
- affect the health, safety or welfare of employees, visitors and others in relation to the Company's operations;
- threaten compliance with the Company's regulatory and legal obligations;
- impact on the community and the environment in which the Company operates;
- impact on the Company's reputation, or that of its people; and
- result in personal liability for Company officers arising from the Company's operations.

The Board reviews the Company's risk management framework at least annually to ensure that it is still suitable to the Company's operations and objectives and that the company is operating within the risk parameters set by the Board. As a consequence of the last review undertaken for the year ended 30 June 2022, there were no significant recommendations made.

### **Recommendation 7.3 - A listed entity should disclose:**

**(a) if it has an internal audit function, how the function is structured and what role it performs; or**

**(b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.**

The Board does not have an internal audit function as it is not considered economically viable/cost effective or necessary given the size of the Company. The Board reviews and considers accounts on a regular basis and discusses internal control processes and risk management as appropriate from time to time.

**Recommendation 7.4 - A listed entity should disclose whether it has any material exposure to environmental or social sustainability risks and, if it does, how it manages or intends to manage those risks.**

Refer to the Company's Annual Report for disclosures relating to the Company's material business risks (including any material exposure to environmental or social sustainability risks). Refer to commentary at Recommendations 7.1 and 7.2. for information on the Company's risk management framework.

## **Principle 8: Remunerate fairly and responsibly**

**Recommendation 8.1 - The board of a listed entity should:**

**(a) have a remuneration committee which:**

**(1) has at least three members, a majority of whom are independent directors; and**

**(2) is chaired by an independent director,**

**and disclose:**

**(3) the charter of the committee;**

**(4) the members of the committee; and**

**(5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or**

**(b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.**

The Board maintains a Remuneration Committee. The Remuneration Committee comprises the full Board and their attendance at meetings of the committee is detailed in the Directors' Report of the Company's Annual Report. ASX guidelines recommend a remuneration committee includes at least three independent members, a majority of whom are independent directors. The ASX's Corporate Governance Principles and Recommendations outline factors relevant to assessing the independence of a director. One such factor that might cause doubts about the independence includes "if the director is a substantial security holder of the entity or an officer of, or otherwise associated with, a substantial security holder of the entity". During the year Mr Gazal was a director of a company which is a substantial shareholder in the Company. The Board is of the opinion that Mr Gazal is however independent from management, acts in the best interests of the Company and that his shareholding closely aligns his interests with those of all shareholders. Whilst the ASX recommendations for an independent Chairman of the Remuneration Committee and the number of Remuneration Committee's independent members, with the majority being independent, have not been adopted for the full year, the Board considers given the size of the Company and the abovementioned reasons this is considered reasonable.

Members of the Remuneration Committee during the financial year were as follows:

<b>Director's name</b>	<b>Executive status of Company</b>	<b>Independence status</b>
Samuel Gazal	Non-Executive Chairman (Chairman of Remuneration Committee)	Non-independent
Robert Gaunt	Non-Executive Director	Independent
Ellie Dawkins	Non-Executive Director	Independent

The number of Committee meetings held and attended by each member is disclosed in the Director's Report of the Company's Annual Report.

Details of the qualifications and experience of the members of the Committee is detailed in the Directors' report in the Company's Annual Report.

The Remuneration Committee oversees remuneration policy and monitors remuneration outcomes to promote the interests of shareholders by rewarding, motivating and retaining employees.

The Charter of the Committee is available at the Company's website. The Committee's charter sets out the roles and responsibilities, composition and structure of the Committee. In summary, the charter provides for the committee to monitor and advise upon the following matters:

- the Company's remuneration structure including long term incentives and superannuation arrangements;
- remuneration and incentives of the Board, Chairman and Company Secretary;
- performance and remuneration of senior management;
- remuneration strategies, practices and disclosures generally;

- workplace health and safety;
- workplace diversity;
- employee share payment plans;
- recruitment, retention and termination strategies;
- management succession, capability and talent development; and
- the Remuneration Report, contained within the Directors' report.

When considered necessary, the Committee may obtain external advice from independent consultants in determining the Company's remuneration practices including remuneration levels.

The number of Committee meetings held and attended by each member is disclosed in the 'Meetings of directors' section of the Directors' report.

***Recommendation 8.2 - A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.***

Non-executive directors are remunerated by way of cash fees, superannuation contributions and non-cash benefits in lieu of fees. The level of remuneration reflects the anticipated time commitments and responsibilities of the position. Performance based incentives are not available to non-executive directors as it could be perceived to impair their independence in decision making.

Senior executives are remunerated using combinations of fixed and performance based remuneration. Fees and salaries are set at levels reflecting market rates having regard to the individual's performance and responsibilities. Performance based remuneration is linked directly to specific performance targets that are aligned to both short and long term objectives. Share options and rights are issued so as to align director and executive objectives with shareholder and the business objectives. Termination payments are detailed in individual contracts and payable on early termination with the exclusion of termination in the event of misconduct.

Further details in relation to the Company's remuneration policies are contained in the Remuneration Report, within the Directors' report of the Company's Annual Report.

***Recommendation 8.3 - A listed entity which has an equity-based remuneration scheme should:***

- (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and***
- (b) disclose that policy or a summary of it***

The use of derivatives or other hedging arrangements for unvested securities of the Company or vested securities of the Company which are subject to escrow arrangements is prohibited. Where a director or other senior executive uses derivatives or other hedging arrangements over vested securities of the Company, this will be disclosed.
