This Presentation is provided on the basis that neither the Company nor its respective officers, shareholders, related bodies corporate, partners, affiliates, employees, representatives or advisers, make any representation or warranty (express or implied) as to the accuracy, reliability, relevance or completeness of the material it contains. Nothing contained in the Presentation is, or may be relied upon, as a promise, representation or warranty, whether as to the past or the future, and the Company hereby excludes all warranties that can be excluded by law.

The Presentation:
- contains ‘forward-looking statements’. As set out in more detail on Slide 21, by their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors because they relate to events and depend on circumstances that may or may not occur in the future, and assumptions which may or may not prove to be correct (and may be beyond the Company's ability to control or predict), any (or all) of which may cause the actual results or performance of the Company to be materially different from the results or performance expressed or implied by such forward-looking statements. No representation is made that any forward-looking statement will come to pass, that any forecast result will be achieved, or that any assumption on which a forward-looking statement is based is reasonable. Forward-looking statements are made as at the date of this Presentation, and the Company disclaims any obligation or undertaking to release any update of, or revision to, any forward-looking statement contained in this Presentation.
- contains information relating to Mineral Resources estimates and Ore Reserves estimates. All persons reviewing this Presentation should refer to the JORC resource statements and competent person confirmations in the Appendix to this Presentation (slides 17 to 20).

All persons reviewing this Presentation should consider seeking appropriate professional advice before making any investment decision. Neither the provision of the Presentation nor any information contained in the Presentation or subsequently communicated to any person in connection with the Presentation is, or should be taken as, constituting the giving of investment advice to any person.
The Company is led by a Board and Management team with deep experience developing and operating successful gold mines within the Kalgoorlie region. Horizon has a large tenement holding which hosts over a million ounces of gold in Resources and has significant open cut and underground growth potential.

Horizon Minerals Limited is an emerging mid-tier gold producer with high quality projects located in the heart of the West Australian goldfields. The Company is led by a Board and Management team with deep experience developing and operating successful gold mines within the Kalgoorlie region.

As announced to the ASX on 23 July 2019, see also the scheme booklet released on the ASX on 17 April 2019.

1See June Quarterly Report as announced to the ASX on 23 July 2019
New Board and Executive team in place
Teal gold mine commenced via contract mining and toll milling
20,000m drilling
Resource to 268k oz

Teal cash flow positive
55,000m drilling
380km² tenure acquired – Anthill, Yarmany, Area 54
Divestments raise $1.5m cash
2.6Bt Richmond Vanadium JV
Resource to 365k oz

Teal completed generating A$7m cash with grade inline with reserve model at 3.2g/t
37,000m drilling
110km² tenure added
Royalty income
Divested Lehmans for A$2.5m cash and royalty
Binduli returned, drilled with excellent results
Resource to 562k oz

Teal completed generating A$7m cash with grade inline with reserve model at 3.2g/t
37,000m drilling
110km² tenure added
Royalty income
Divested Lehmans for A$2.5m cash and royalty
Binduli returned, drilled with excellent results
Resource to 667k oz

Merger with MacPhersons complete
Potential Coolgardie gold project acquisition
Divested Menzies and Goongarrie for A$8m cash and shares
Focussed on Kalgoorlie and Coolgardie mine development and production pathway
Consolidated Feasibility Study underway
Early development options under review
Resource to 1.2Moz
• Located 10km east of Kalgoorlie in world class goldfield
• Estimated Mineral Resource of 507,000oz Au\(^1\)
• Approvals in place for an open pit mine development and construction of a new processing facility
• Ideal location for a baseload mining and centralised processing operation supplemented by higher grade feed within easy trucking distance
• Low strip ratio, excellent metallurgy with high gravity gold content and soft oxide ore to 70m depth\(^2\)
• Significant resource growth potential with mineralisation open to the north, south and at depth
• Trial mining and processing outperformed resource model\(^2\)
• Updated geological modelling and mining studies commenced

---

\(^1\) As announced to the ASX by MRP on 6 March 2018, see also table and confirmation on slide 17
\(^2\) As announced to the ASX by MRP on 29 April 2019
Core growth projects within 65km radius of Boorara including Teal, Binduli, Windanya, Baden Powell, Olympia, Balagundi, Kanowna Sth and Lakewood

Estimated Mineral Resource of 350koz

Recent drilling results from Crake prospect at Binduli included:
- 23m at 4.16g/t Au from 61m and 13m at 4.10g/t Au from 65m
- 18m at 3.13g/t Au from 70m and 15m at 2.75g/t Au from 27m
- 9m at 4.38g/t Au from 39m and 15m at 1.96g/t Au from 75m

Regional drilling program continues with results expected in the September Quarter

Targeting resource growth, reserve generation and new open cut and underground discoveries

1 As announced to the ASX on 12 March 2019 and 19 September 2018, see also table and confirmation on slide 16.
2 As announced to the ASX on 25 June 2019
Projects within 65km radius of Coolgardie including Anthill, Blister Dam, Area 54 and Yarmany

Estimated Mineral Resource of 125koz (Anthill)^1

Initial mine optimisation and design studies on Anthill underway

Dominant land position on the relatively untested Mt Ida Shear with geophysical, field reconnaissance and soil surveys underway

Regional drilling program to commence on final grant of tenure expected in the December Quarter

Yarmany highly prospective for large scale open pit discoveries

^1As announced to the ASX on 18 December 2018, see also table and confirmation on slide 16.
• Exclusivity Deed signed with Focus Minerals NL (ASX: FML) for potential acquisition of the Coolgardie Gold Project\(^1\)

• The project comprises\(^2\):
  
  o A quoted total of 2.1Moz in estimated Mineral Resources
  
  o A 1.2Mtpa CIL processing plant (currently on care and maintenance) and significant open cut and underground mining infrastructure
  
  o The newly discovered Bonnie Vale underground project with a current quoted Indicated Resource of 153,000oz grading 9.1g/t Au and PFS completed
  
  o The Brilliant open cut and underground project with a current quoted Mineral Resource of 475koz grading 2.5g/t Au
  
  o Significant open cut and underground resource growth potential across 235km\(^2\) of tenure in the Coolgardie region

---

\(^1\) As announced to the ASX on 11 February 2019 and 2 July 2019.

\(^2\) As announced to the ASX by Focus on 29 March 2019, 30 May 2018, 13 October 2017, 29 May 2017 and 7 April 2017.

See also the tables, Important Notes / Cautionary Statement, Competent Persons Statements and Confirmations on slides 18-19.
Income streams, retained interest and exposure to non-gold commodities

JOINT VENTURES AND ROYALTIES

- Horizon has a number of joint ventures in place at no cost – significant leverage to a total potential spend of $7M by partners
- JVs provide exposure to active projects with quality partners while focus remains on building a mid-tier gold business
- Ability to realise immediate value when it makes sense – Lehman’s JV sold for A$2.5M cash and 2.5% royalty

Horizon retains 25%
Richmond Vanadium (RVT) in Nth Queensland with 2.6Bt resource, drilling underway and PFS due in mid-2020

Horizon retains 25%
The Nanadie Well (Mithril, ASX:MTH) cover 60km² in the Murchison region focused on gold, copper, nickel, cobalt and PGE exploration

Menzies/Goongarrie
(Kingwest, ASX:KWR)
Recently agreed to divest for a total consideration of A$8m in cash and shares¹

Royalty of $0.50/t covering the Janet Ivy lease (owned by Zijin) now payable with ~A$800k received in 2018

¹As announced to the ASX on 9 July 2019.

<sup>1</sup> See Forward Looking and Cautionary statements on Slides 2 and 20.
High tonnage high grade
High tonnage baseload feed at Boorara complemented by high grade satellite mines within easy trucking distance

Clear pathway to production
A clear pathway to a stand alone emerging mid-tier gold production business

Strong financials
Strong balance sheet, high liquidity and pre-production status

Growing portfolio
Exposure to V, Ag, Zn, Cu, PGEs

Highly experienced Board and Management
Strong technical skills and experience in exploration, mine development, mill construction, operations and corporate
APPENDIX
Peter Bilbe, Non-Executive Chairman

- Mining Engineer with over 40 years’ experience
- Has held senior management positions at Mount Gibson Iron, Aztec Resources, Portman, Aurora Gold and Kalgoorlie Consolidated Gold Mines
- Experience across all aspects of operations, feasibility studies, exploration, corporate functions, financing, capital raisings and mergers and acquisitions
- Current Chairman of Independence Group

Ashok Parekh, Non-Executive Director

- Chartered accountant with over 40 years’ experience who owns a large Accounting Practice in Kalgoorlie, which he has operated for 33 years
- Awarded the Centenary Medal in 2003 by the Governor General of Australia, and was recently awarded the Meritorious Service Award by the Institute of Chartered Accountants, the highest award granted by the institute in Australia.

Jeff Williams, Non-Executive Director

- Mining Engineer with over 40 years’ experience including 7 years in the stockbroking industry and expertise in mine planning, underground mining management from Feasibility through to development and operations
- Previously Managing Director of Mineral Deposits Ltd for 15 years taking the market capitalisation from A$8 million to over A$1 billion in 2011
- Involved in mining companies in Australia and overseas and is a current Director of Herencia Resources plc.

Jon Price, Managing Director

- Metallurgist with more than 27 years’ experience
- Former GM of St Ives and Paddington gold mines and founding Managing Director of Phoenix Gold which was acquired by Evolution Mining in 2015
- At Phoenix, consolidated prospective tenure in the WA Goldfields and built 4Moz resources through exploration
- Experience across company management, exploration, development, construction and mining operations

Grant Haywood, Chief Operating Officer

- Mining Engineer with over 25 years’ experience in underground and open cut mining operations
- Extensive mining experience managing mining projects from Feasibility through to operations for junior and multi-national companies including Goldfields Ltd, Saracen mineral Holdings and Phoenix Gold Ltd

Andrew Pumphrey, General Manager Boorara

- Geologist and mine surveyor with 30 years’ experience in the WA mining industry
- Based in Kalgoorlie since 1989 operating a successful mineral exploration contracting business
- Applied his extensive field experience and geological knowledge to numerous gold and nickel projects throughout WA

David O’Farrell, Exploration Manager

- Highly experienced geologist with over 25 years’ experience in project generation, conceptual and greenfields exploration, resource modelling and estimation and feasibility studies

### Competent Person’s Statement and Confirmation and Important Notes / Cautionary Statements

Please see the following slide for detail.
The information in this Presentation that relates to Focus’ Mineral Resources estimates for the Coolgardie Gold Project is based on information originally reported in Focus’ ASX announcements “Mineral Resource Update for Bonnie Vale Deposit” dated 30 May 2018, “Annual Report for the Year Ended 31 December 2017” dated 24 April 2018, “PFS Completion and Ore Reserve Upgrade” dated 13 October 2017, “Amended Greenfields Resource Update” dated 29 May 2017 and “Brilliant Mineral Resource Increased 26%; PFS Exploration Ongoing” and has been included in this report by Hannah Kosovich. Ms Kosovich is a Member of the Australian Institute of Geoscientists. Ms Kosovich is a part time employee of Focus Minerals Limited and has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which she is undertaking to qualify as a Competent Person as defined in the 2012 edition of the “Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves” (“JORC Code 2012”). Ms Kosovich has confirmed that the information in Focus’ previous ASX announcements referred to in this Presentation is an accurate representation of the available data and studies for the Coolgardie Gold Project, and has given her consent to the inclusion in this presentation of the matters in the form and context in which it appears.

The information, except for Bonnie Vale, Brilliant and Greenfields was prepared and first disclosed under the JORC Code 2004. It has not been updated since to comply with the JORC Code 2012 on the basis that the information has not materially changed since it was last reported. Bonnie Vale, Brilliant and Greenfields are reported under the JORC Code 2012.

The information in this Presentation that relates to Focus’ Ore Reserves estimates for the Coolgardie Gold Project is based on information originally reported in Focus’ ASX announcements “Mineral Resource Update for Bonnie Vale Deposit” dated 30 May 2018, “Annual Report for the Year Ended 31 December 2017” dated 24 April 2018, “PFS Completion and Ore Reserve Upgrade” dated 13 October 2017, “Amended Greenfields Resource Update” dated 29 May 2017 and “Brilliant Mineral Resource Increased 26%; PFS Exploration Ongoing”, each of which is available at www.asx.com.au. The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcements and that all material assumptions and technical parameters underpinning the estimates in those announcements continue to apply and have not materially changed. The Company confirms that the form and context of the Competent Person’s findings in relation to those Mineral Resources estimates or Ore Reserves estimates have not been materially modified from the original market announcements.

Important Notes / Cautionary Statement

Please note:

1. The information in this Presentation that relates to Focus’ Mineral Resources estimates for the Coolgardie Gold Project has been reported by Focus and not the Company. The source of the reporting of these Mineral Resources estimates is identified in the preceding Competent Person’s Statement and Confirmation.

2. With the exception of the Bonnie Vale Project, the Brilliant deposit (which forms part of the Tindals Project) and the Greenfields deposit (which forms part of the Three Mile Hill Project), Focus’ Mineral Resources estimates referred to in this report were prepared and first disclosed under the 2004 edition of the JORC Code (“2004 JORC Code Estimates”). They have not been updated since to comply with the JORC Code 2012 on the basis that Focus’ has determined that the information has not materially changed since it was last reported. Bonnie Vale, Brilliant and Greenfields are reported in accordance with the JORC Code 2012.

3. A Competent Person has not done sufficient work to classify the 2004 JORC Code Estimates in accordance with the JORC Code 2012.

4. Nothing has come to the attention of the Company that causes it to question the accuracy or reliability of Focus’ 2004 JORC Code Estimates but the Company has not independently validated the 2004 JORC Code Estimates and therefore is not to be regarded as reporting, adopting or endorsing the 2004 JORC Code Estimates.

5. The Company is not aware of the following matters: the work programs on which the 2004 JORC Code Estimates were based; the key assumptions, mining and processing parameters and methods used to prepare the 2004 JORC Code Estimates; or any more recent estimates or data relevant to the reported mineralisation available to Focus.

6. The proposed Coolgardie Gold Project transaction referred to in this Presentation (Proposed Transaction) remains subject to the negotiation of, and entry into, formal binding documentation and the receipt of necessary approvals. There is no assurance that the Proposed Transaction will proceed. Accordingly, the Company is not currently in a position to comment on the evaluation and/or exploration work that needs to be completed to report the 2004 JORC Code Estimates as Mineral Resource Estimates in accordance with the JORC Code 2012, or regarding any evaluation and/or exploration work it might undertake were the Proposed Transaction to proceed.
FORWARD LOOKING AND CAUTIONARY STATEMENT

- As noted on Slide 2, some statements in this Presentation regarding estimates or future events are forward looking statements. They include indications of, and guidance on, future earnings, cash flow, costs and financial performance. Forward looking statements include, but are not limited to, statements preceded by words such as “planned”, “expected”, “projected”, “estimated”, “may”, “scheduled”, “intends”, “anticipates”, “believes”, “potential”, “could”, “nominal”, “conceptual” and similar expressions. Forward looking statements, opinions and estimates included in this Presentation are based on assumptions and contingencies which are subject to change without notice, as are statements about market and industry trends, which are based on interpretations of current market conditions. Forward looking statements are provided as a general guide only and should not be relied on as a guarantee of future performance. Forward looking statements may be affected by a range of variables that could cause actual results to differ from estimated results, and may cause the Company’s actual performance and financial results in future periods to materially differ from any projections of future performance or results expressed or implied by such forward looking statements. These risks and uncertainties include but are not limited to liabilities inherent in mine development and production, geological, mining and processing technical problems, the inability to obtain any additional mine licenses, permits and other regulatory approvals required in connection with mining and third party processing operations, competition for among other things, capital, acquisition of reserves, undeveloped lands and skilled personnel, incorrect assessments of the value of acquisitions, changes in commodity prices and exchange rate, currency and interest fluctuations, various events which could disrupt operations and/or the transportation of mineral products, including labour stoppages and severe weather conditions, the demand for and availability of transportation services, the ability to secure adequate financing and management’s ability to anticipate and manage the foregoing factors and risks. There can be no assurance that forward looking statements will prove to be correct.

- Statements regarding plans with respect to the Company’s mineral properties may contain forward looking statements in relation to future matters that can only be made where the Company has a reasonable basis for making those statements.

- The forward looking statements in this Presentation are based on current expectations, estimates, forecasts and projections about the Company and the industry in which it operates. They do, however, relate to future matters and are subject to various inherent risks and uncertainties. Actual events or results may differ materially from the events or results expressed or implied by any forward looking statements. The past performance of the Company is no guarantee of future performance.

- None of Intermin Resources Limited or its directors, officers, employees, agents or contractors makes any representation or warranty (either expressed or implied) as to the accuracy or likelihood of fulfilment of any future looking statement, or any events or results expressed or implied in any forward looking statement, except to the extent required by law.

- You are cautioned not to place undue reliance on any forward looking statement. The forward looking statements in this Presentation reflect views held only as at the date of this Presentation.

- The Company believes that it has a reasonable basis for making the forward looking statements in the Presentation, including with respect to any production targets and financial estimates, based on the information contained in this and previous ASX announcements.
